Offer field house auditorium for athletic events

Arlington Heights Park Board has offered the use of the field house for events bearing the sponsorship of the newly organized Arlington Athletic Association. The decision was made last week following a conference between the park board and officials of the athletic association.

The letter of notification written by Elmer Crane, secretary of the park board, to Wilbert Hartmann, acting treasurer, of the association reads in part as follows:

"The park board is unanimous in their approval of your request for the use of the field house auditorium for athletic purposes during the 1946-47 season until the swimming season begins."

"Your program and endeavors are in keeping with the park board's anticipation of the use of our field house as a village project. May we suggest that your activities chairman schedule meeting nights with the superintendent to insure reservations."

The athletic association is holding a mass meeting as this paper goes to press, for the purpose of completing its organization, election of officers and adoption of constitution and by-laws. Initiation fees are \$10 with a monthly membership fee of \$1 each.

Several hundred dollars have already been received from memberships by the organization committee, which outlines its program in a bulletin issued this week as follows:

"Immediate aims and purposes of the Arlington Athletic Association are to sponsor all sporting and athletic activities and physical culture promotion for the welfare and entertainment of the residents of Arlington Heights. In the past these activities have been a sorry hit-or-miss proposition with representative teams and clubs sponsored by any big hearted merchant or professional man, who felt inclined to donate funds. The 'Triple A', it is now planned, will take over all of these activities under one tutelage and sponsorship.

To honor girl scout day camp at tea Friday

Honoring personnel of the Girl Scout Day Camp for the summer of 1946, the Arlington Heights and Mt. Prospect Girl Scout Councils will entertain with a tea Friday at 2 o'clock in the parlors of the Methodist Meeting House, Arlington Heights.

Arrangements are being completed by joint committees representing the two councils sponsoring Day Camp. The Mt. Prospect committee, headed by Mrs. Fred A. Tice, includes also Mrs. Charles W. Cryder and Mrs. M. J. Pluth. Mrs. E. J. Gregg is chairman of the Arlington Heights committee, and is being assisted by Mrs. Martin Maher, Mrs. G. Arden Scott, Mrs. Frederick Siegel and Mrs. Alva H. Meyer.

An evaluation of Day Camp will be followed by a panel discussion of the 1946 camp, and plans for that of 1947. Mrs. Leslie A. Moodie will provide music during the tea.

The 18th annual Great Lakes Girl Scout Conference takes place Nov. 13 and 14 in Milwaukee and is being attended by Mrs. Alva H. Meyer and Mrs. Jean M. Hefner from Arlington Heights, and by Mrs. Fred A. Tice and Mrs. Carl Hammerl from Mt. Prospect. In addition to the outstanding speakers to be featured at the conference, there are numerous group meetings devoted to specialized topics dealing with important issues of interest to representatives of all councils.

Announcement is made that Arlington Heights troop scribes and assistants will meet in the basement room of the Field House Nov. 16 and 23 from 10 o'clock until noon to receive instruction from Miss Marion Bobbitt, a graduate in journalism. The two lessons will present help in writing troop news. It is asked that two representatives from each troop be present.

Woman's Fire Auxiliary to hold dance Saturday

The Woman's Auxiliary of the Arlington Heights Fire Department are sponsoring a dance at the Arlington Heights Field House this Saturday evening, November 16. Wally Hahnfeldt and his orchestra will be on hand to furnish the music for dancing, which starts at nine o'clock.

As an added attraction a \$20 cash door prize will be given away.

Open house tonight at high school

Residents in school district 20 and district 21, village of Wheeling are especially invited to look over the Arlington Heights high school during the open house this Thursday evening.

In recognition of National Educational week an open house is being held at the Arlington Hts. high school this Thursday evening, November 14. The public is asked to gather at the gymnasium by eight o'clock when an assembly will be held.

At its close, visitors will have the privilege of inspecting the displays arranged by the various departments of the school which will give an excellent idea as to the accomplishment of the students. Of particular interest will be the exhibitions in the biology, vocational machine shop and home economics departments, the latter showing table settings and kitchen display.

Each teacher will be in her particular room ready to answer questions and to explain the work that is being done by pupils under her charge.

A general social hour in the cafeteria with the serving of light refreshments will close the evening program.

A housing plan for GIs with \$250 incomes

A new angle to veteran housing was given Friday night to members of Arlington Heights V. F. W. post when an architect appeared before that body and outlined the manner of operation of a veterans cooperative housing project. He suggested that not less than an 18 home unit be attempted. The plan, which has recognition of the government housing unit, provides for the establishment of a company and the purchase of shares at \$1,000 each by interested GIs.

The GIs would pay rather high rent, but a third of that rent would go towards the repayment of the loan made by an insurance company which provides the money for the building.

The speaker was frank and stated that GIs entering such a project should have a regular income of about \$250 a month. There were not many of the boys present who are in a position to qualify, attractive as the proposition sounds and as badly as the homes are needed.

Snow in California, but none here

J. D. Flentje, who recently pulled up stakes in Arlington and moved to California, could not resist the opportunity Monday night to kid his former partner, Carl M. Behrens. While seated in his garden looking at his roses and other flowers his thoughts turned to Arlington Heights and he put in a long distance call to tell his former partner, C. M. Behrens, of the great life he is living in California. J. D. pictured a life of ease on his front porch in his shirt sleeves with snow in the distance on a mountain.

Carl replied, "why we have not even seen snow since last winter; it has been so warm here that buds are coming out."

Mr. Flentje told of the pleasure that Mike Oeflein is having on his stay in California. Mike is visiting his son in California and spent part of a day with the Flentjes.

Lions Club annual Thanksgiving dinner Tuesday, Nov. 19

The Lions Club annual Thanksgiving dinner will be held at the Lutheran school Tuesday, Nov. 19, at 7 p. m. Reservations will be required, since only 150 dinners will be served. This is the one date that the Lions' wives are invited and of course any guests the members wish to invite.

Entertainment will follow the turkey dinner and there is little doubt that a capacity crowd will be served. For reservations, see Forrest Davis, at the village hall during business hours, or phone 781, evenings. Reservations must be made in advance to guarantee admittance.

Pearl Miller stricken with polio at college

Miss Pearl Miller, a former resident of Prospect Heights, who is attending Frances Shimer College at Mt. Carroll, Ill., was stricken with polio Sunday.

Miss Miller was removed to Deaconess hospital at Freeport, Ill., where she is at present confined.

Miss Miller attended Prospect Heights school and Arlington Heights township high. She was an accomplished singer and dancer. During the war she made several appearances at the Great Lakes Naval training station to entertain the sailors.

She is the daughter of Mr. and Mrs. Edward Miller, first treasurer of the Prospect Heights Improvement Assn. The Millers now reside in Itasca.

AMERICAN EDUCATION WEEK

NOV. 10-16, 1946

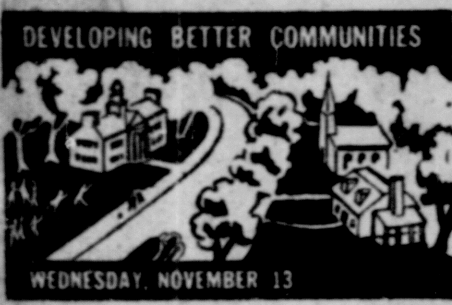

EDUCATION FOR THE ATOMIC AGE

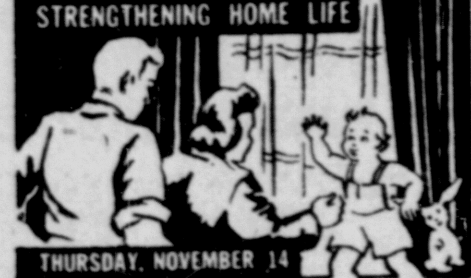

MONDAY, NOVEMBER 11

TUESDAY, NOVEMBER 12

WEDNESDAY, NOVEMBER 13

THURSDAY, NOVEMBER 14

FRIDAY, NOVEMBER 15

SATURDAY, NOVEMBER 16

Local schools observe American education week

Patrons of the Arlington Heights schools have shown their interest this week in the educational program in Arlington Heights by visits to the schools.

The two public schools have been welcoming visitors the entire week without any particular program as they held an open house in September. There are still two more days in which to visit the schools. It is an opportunity for the parents to show to the teachers their appreciation for their efforts.

Nearly 200 people attended the open house at the Lutheran school last Friday evening when the teachers presented some phase of the work being done in their respective classrooms.

American Education Week is sponsored jointly by The National Education Association, The

American Legion, The United States Office of Education, and The National Congress of Parents and Teachers. The theme of the observance this year will be "Education for the Atomic Age." Daily topics include: Practicing Brotherhood; Building World Security; Facing New Tasks; Developing Better Communities; Strengthening Home Life; Investing in Education; Promoting Health and Safety.

To quote from a publication of the National Education Association:

"WHAT MAKES A NATION GREAT? Not its land, not its mines; not its rivers, not its forests, not its money — important as these things are. Only people make a nation truly great. We can build a greater and nobler America only as we develop human resources."

Game wardens pick up many guns from hunters

"The office of Judge Behrens, Arlington Heights, resembled a small arsenal the first of the week. The game wardens made a bigger haul than the hunters. The men with guns could not find a place to hunt in these parts and many of them took the chance to patrol highways looking for game. The fine for such a violation is up to \$300, half of which goes to the warden. The bigger the fine, the more money made by the warden.

Road blocks for hunters were established and there were many hunters who wished they had remained at home. The majority of them got their guns back with the payment of a \$25 fine.

A number of hunters were pinched for hunting in the forest preserves. The law requires that a written permission must be obtained from the owner or tenant before private land can be visited. Result—almost no place for a hunter to go.

Saturday will be the field day when all of the hunting cases will be heard by Judge Behrens. He does not know how many, as the wardens are so busy nabbing hunters that they have not yet had time to report to him on the number of summons they have issued.

One hunter removed the breech lock from his gun before turning it over to the police so that no warden or judge could use it.

State wants bands found on pheasants

Attention hunters. The Illinois natural history survey wants the aluminum bands found on any pheasants bagged.

Dr. Leo R. Telson, acting chief of the survey, said that 18,000 of the birds have been banded and that return of the bands will aid the conservation officials in determining of what age and in what areas the birds should be released for hunting season survival, as well as facts of migration and hardihood.

The bands, Dr. Telson added, will be accepted by local conservation officials, the natural history survey and the State Conservation Department at Springfield.

Fire wrecks tavern near Wheeling

The Dam Inn across from Dam 1, south of Wheeling, was almost totally destroyed by fire early Sunday morning. Starting from a neon sign about 2:00 o'clock a. m., the fire had gained considerable headway by the time the Wheeling and Des Plaines Fire Depts. reached the scene.

The work of the fire-fighters was made hazardous by heavy tension live wires playing about the front of the building. After the arrival of the Public Service linemen, who cut the wires, the fire was soon brought under control, but not until the building was almost entirely gutted.

Street sweeper goes into service

Arlington Heights has been talking "street sweeper" for a number of years and such an "animal" became a reality Saturday when the new street sweeper was used for the first time. It traveled 15 miles in four hours. Supt. Becker is well pleased with the sweeper and claims that it will have paid for itself in a comparatively short time in cleaner streets and saving of labor.

The machine collects in a hopper all material that comes into contact with the sweeper, which is then dumped into piles for the truck to pick up.

The department is busy collecting rubbish this week, but the new machine will again be on the streets next week.

An Editorial— To the voters of Wheeling

On Saturday, November 16, simultaneous elections will be held in School Districts 21 and 214 to determine whether the former non-high district will become a part of the latter.

The issues are clear-cut, and, in the final analysis, up to the voters of the two districts involved to decide. Interested third parties to the election, however, have, through lack of facts, rather than any malice, circulated certain statements that stand need of correcting — if the issue is going to receive the unprejudiced judgment of the parents and other taxpayers of Wheeling.

1. INCREASED TAXES: Currently taxpayers of district 21 are paying 59 per cent hundred dollars of assessed valuation—the rate paid by all "non-high" districts. It is common knowledge that non-high tax rates lag from one to three years behind, and doubtful that this rate will prevail too much longer.

The present tax rate in District 214 is .81 per hundred, a rate that covers all bonded indebtedness, including the present building program amounting to \$260,000. Total bonded indebtedness of the district, including current building is under \$400,000.

According to certain far-sighted Wheeling leaders, the alternatives are either to accept an .81 cent tax rate now or wait and be absorbed later into some other district, possibly less completely equipped, and face a much higher tax rate.

It is a matter of record that "non-high" districts, particularly those as large as district 21, cannot, and do not, remain isolated very long—and can easily be absorbed, often to their disadvantage.

2. SCHOOL ATTENDANCE: Should the election carry next Saturday, Wheeling students will not be forced automatically to sever their present school affiliation and transfer immediately to Arlington Heights High School.

Juniors and Seniors will be permitted to finish their work and graduate tuition-free from the school they are presently attending.

Underclasses will be permitted to finish out the year tuition-free — transferring to Arlington Heights High School at the start of the Fall, 1947 term.

3. TRANSPORTATION: Presently Wheeling parents are paying for transportation to and from the High School their children are attending. As part of District 214, regular transportation will be furnished without charge.

It never has been, nor is it now, the policy of Arlington Heights High School officials to "grab" non-high districts for the sole pleasure of acquiring territory. In fact, steps leading to Saturday's election were initiated by Wheeling residents—in the sincere and far-sighted belief that future heavy taxation could be averted.

This paper believes it is expressing the thoughts of the school board and the taxpayers of the school district when it says that District 214 subscribes to the above belief—and want Wheeling as part of the high school district—where it belongs in its own township. But they want it to come as friends and neighbors—as properly it should.

Close cooperation between two police departments

Robert Fowler, Arlington Heights, and his three companions who were out on a joy ride Friday night learned that the police radio acts quickly. Following a disturbance at an Arlington business place, the four boys crowded into the front seat of a coupe. As they turned the corner at Vail and Northwest Highway, they threw a wine bottle to the pavement.

The license number of the car was reported to the Arlington police who placed the number on the air. As the message was received over the radio at the Mt. Prospect police station, a police officer of that village was writing out a ticket for Fowler, driver of the car wanted by the Arlington police.

The Mt. Prospect charge was a traffic violation for which Fowler paid \$5.00 and costs Saturday to Judge Gould. The Arlington charge was disorderly conduct for which Fowler was again fined by Judge Neuman on Wednesday.

Aunt Jemima to serve flapjacks at scout supper

Next Monday evening, November 18, the Arlington Heights Methodist Meeting House gymnasium will be the scene of a gala pancake and sausage supper. The occasion will mark the first of what is planned to be an annual series of events given by members of Troop 7 Arlington Heights Boy Scouts of America.

The menu will consist of link sausages, all the pancakes you can eat, syrup, butter, coffee or milk and ice cream and cookies. The feature will be the presence of "Aunt Jemima" in person, who will prepare all the pancakes and entertain throughout the supper period of 5:30 to 7:00 o'clock.

An atmosphere of plantation days in the Old South will prevail and "Aunt Jemima," in her role of "mammy" will regale the diners with songs and stories of good times and gracious living below the Mason-Dixon line.

Troop 7 is sponsored by the Lions Club of Arlington Heights. Recently the Lions presented a trailer for the boys to use on their many camping trips and overnight hikes, and the proceeds of the supper will be used to defray expenses of other construction and equipment for the trailer in order to utilize fully its facilities for their camping activities.

This is a splendid opportunity to enjoy an excellent supper and for mother to enjoy a well earned vacation from the kitchen. Tickets are priced at 85c per person and are obtainable from any scout member of Troop 7, or by phoning Troop Committee-man R. C. Morrow at 497-W.

Make community plans for Xmas

Arlington Heights Community Council agreed Monday evening to sponsor the usual Christmas music that will go out over the air from loud speakers installed at advantageous points. It appropriated \$300 for the purpose and directed that the musical directors of the churches get in contact with Herman Hinz, of Arlington Sound Service for completion of program.

The Chamber of Commerce will meet next week to make plans for decorations in the business district.

Christmas shop at Lutheran bazaar

The Ladies Aid of the Arlington Heights St. Peter Lutheran church will hold their annual bazaar November 21 at 1:30 p. m., in the school basement.

Patrons may do much of their Christmas shopping in the fancy work booths. A bakery booth will feature home made bread and coffee cakes and a grab bag will be another highlight of the affair. For those who like a little snack while shopping there will be a luncheon counter where a tasty snack may be had for only twenty-five cents.

Roast beef dinner highlight of festival

As a special feature of the Fall Festival November 23 and 24, the ladies of St. James Catholic church of Arlington Heights will serve a roast beef dinner Sunday, November 24, between the hours of three and seven in the school hall.

Tickets for the dinner may be obtained at the door. Prices are \$1.50 for adults and 75c for children. Everyone is cordially invited.

Famous male chorus to sing in Arlington

The Chicago Mendelssohn Club, under the direction of Jacques Homier, will present a concert in the Arlington Heights Township high school auditorium Friday evening, November 22, at 8:15 p. m. The Music Department of the high school, which is sponsoring the club, is indeed fortunate in securing the services of a musical organization which has gained national recognition for its excellence.

Following are some of the press comments which have rewarded their many concerts: "The Mendelssohn Club gave its usual correct and polished performance." — C. J. Bullie, Chicago Daily News.

"Sang with precision of attack, and with evident understanding of what their songs were all about." — Felix Borowski, Chicago Sun.

"Musical surprises are rare, most pleasant when least expected. What experience had led one to anticipate only as another routine spring exhibition of male chorus turned out to be a lively and rewarding affair as the rejuvenated Mendelssohn Club sang under its new director, Jacques Homier, in Orchestra Hall." — Albert Goldberg, Chicago Daily Tribune.

The Chicago Mendelssohn Club was founded in 1894 by a group of Chicago musicians and business men whose names have since made musical history. Such men as George Hamill, Theodore Thomas, Charles W. Clark, W. Middleschulte, Clarence Edly, Max Bendix, Harrison M. Wild, D. A. Clippinger, Frederick Root and Karlton Hackett contributed to their talents and enthusiasm to make the Mendelssohn Club worthy of Chicago's growing appreciation of good music.

D. A. Clippinger was the club's first conductor, but Frederick Root held the baton for the first concert in 1895, during Mr. Clippinger's absence.

Harrison M. Wild, distinguished organist and conductor, led the Mendelssohn Club through many years of musical progress and successful concerts, until succeeded in 1926 by Calvin Lampert, himself an organist and musician of high attainments, who carried on as conductor until 1942. Mr. Lampert was followed by Walter Aschenbrenner.

The Club's present conductor is Jacques Homier, a musician with wide attainments as director and soloist.

As a male chorus, the Club has continued without interruption for half a century. During those years many fine musicians who were largely representative of Chicago's business and professional life, have joined in giving expression to their love of good singing and musicianship.

Thus the Chicago Mendelssohn Club has made its contribution to Chicago's musical history, introducing many outstanding soloists to Chicago audiences over the years, and singing many new works, some of them written especially for this widely known male chorus.

Tickets for the concert may be purchased at the Arlington Cafe, Hrdlicka's Restaurant, Neumann's Barber Shop, Lohr's Drug Store and Sieburg's Drug Store in Arlington; the Palatine Pharmacy and Hacker-Coleman Pharmacy in Palatine; Van Driels Drug Store in Mt. Prospect and Prospect Heights Drug Store.

Spelling contest at Arlington Hi Friday night

A district spelling contest for the northwest area will be held under newspaper sponsorship Friday evening at 7:30 at Arlington Heights high school. Entries will be pupils of the upper grades of the elementary schools. They have been selected through written examinations, but the contest Friday will be oral. Contestants from the area are: Arlington Heights, Nancy Weir, Patricia Reschner, Richard Ehrhorn.

Palatine, Marilyn Vogt, Diane Cummingsford, Dolores Rasmussen.

Wheeling, Lois Brems. East Maine, Marilyn Anderson. District 24, Mary Kingsley. District 20, Phyllis Kadagama. Bartlett, Joan Allen Clark. East, 59, Carol Jean Wile. The spelling master will be Jane Mahin. The judges are H. L. Sliechenmyer, M. S. Pool and Mrs. Florence Elfeld, all members of the high school faculty.

Police search for car borrowed by a neighbor

Several hours after Geo. E. Svoen, a resident of North State road, Arlington Heights, reported the theft of his Hudson car, the call was cancelled by the car owner with the explanation that a neighbor had borrowed the car. There have been several thefts reported to the police this week of tires, car wheel and clothing taken from a car.

Suggest bond issue for war memorial building

The proposed Arlington Heights war memorial had another inning Monday night when the Community Council received a report from A. H. Franzen, chairman of the building committee, on the possibility of constructing the memorial library building with funds raised by a general village bond issue. The report was referred to the memorial and finance committees.

From sentiment expressed that evening some members of the council are not certain that a bond issue is expedient. They feel that such a course would just be an easy way out for the council. They think that a war memorial would be a greater memorial if it was made possible by gifts of the residents of the community.

The report of Mr. Franzen gave the legal aspects of the financial set-up of library boards, an outline of which is:

"The library board, as a body, has no taxing power or authority to issue bonds. It can only transmit its desire to the village board.

"The board has authority to determine whether or not a building shall be erected, the selection of a site, give an estimate of the cost and the number of years (not exceeding twenty) over which the bonds shall run.

"Their recommendation shall then be presented to the village board, which has the right to pass an ordinance for the issuance of the bonds which will be a general obligation of the municipality. The interest rate can not exceed 5%. The bonds can not be for a greater amount than can be repaid (interest and principal) by a tax of .0833 per cent of the assessed valuation of the village.

"Under such a plan a bond issue of approximately \$100,000 could be possible. The tax limitation for maintenance of library is 10 per cent of the assessed valuation. Unless a referendum vote is taken the maximum amount for general library purposes that can be raised in Arlington Heights is about \$15,000. The present tax raises \$3500.

The war memorial committee has recommended that the library building be erected in Memorial Park, permission for such a use can be given by the park board.

One of the suggestions made Monday evening was that a straw vote or poll be taken to determine the desire of the tax payers. "Would they rather make outright contributions or prefer to have the cost added to their tax bills over a period of years?"

Five persons involved in traffic accidents

Serious injuries to vehicles as well as people, were the result of several accidents that happened in the past week. The first accident happened at ten p. m. November 9, when D. A. Sheehan, 2837 W. Berla, Chicago, west-bound on Palatine road in his 1941 Studebaker, was cut off by an eastbound car. Sheehan's car ran into a ditch, turned over, bounced over a four foot fence, finally landing in a field. The driver was thrown clear of the car, receiving bad cuts on his forehead and severe back injuries. He was taken to the Palatine hospital for treatment. His car was completely damaged. The eastbound car did not stop and did not touch Sheehan's car, though it was the cause of "running him off the road."

Motorcycle hits store

Fred Schmidt, Route 1, Barrington, was taken to the Palatine hospital early Monday morning following an accident with his motorcycle. At 3:50 a. m. he was traveling east on Rand road when his motorcycle hit a rock while crossing Arlington Heights road, and was thrown into a ditch. The motorcycle was badly damaged and Schmidt received numerous cuts on his face and body and a fractured right leg.

Auto hits wagon

Route 72 and Higgins road, one fourth mile West of Old Plum Grove road, was the scene of the last accident, which happened at 5:20 p. m. November 12.

Number one party involved was Raymond Long, who is connected with the Elgin Courier-Review, and was driving his 1946 Buick Sedan east on Higgins road, when he noticed a bright light ahead in the same lane he was driving. The bright light was from a Farmall tractor, which was pulling a wagon that had no tail light. This was driven by Martin Sarsenen, Jr., Roselle road, Palatine.

Not seeing the wagon in time, Long crashed into it, at the same time causing J. Welch, 610 Northeast ave., Oak Park, who was driving a 1942 Oldsmobile right behind him, to crash into the back of his car. No one was seriously hurt, but the Buick was severely damaged and the front of Welch's car was also wrecked.

Church Notes

ST. JOHN EVANGELICAL AND REFORMED CHURCH
W. F. Kampenkel, Pastor
Fred W. Buckler, Organist
Sunday, Nov. 17:
Church school 9:15 a. m. Classes for all age groups.
Morning worship 10:30 a. m. The pastor will deliver a stewardship message. The kingdom roll call begins next Sunday.
Calendar of activities:
Attention young people! You are most cordially invited to join our youth fellowship and attend the Arlington Heights regional youth rally at St. Paul's church and parish house next Sunday afternoon, Nov. 17, at 7:30 p. m. Excellent program!

Choir rehearsal every Tuesday, 8 p. m. at the church.
Women's Association, second Wednesdays, 2 p. m. at the church.
Ladies Aid, first Thursdays, 2 p. m. at the church.
Men's Club meets second Fridays, 6:45 p. m., for potluck supper at the church.

Receives letter from Poland asking welfare of son
A letter from Poland arrived in Arlington Heights recently inquiring of a father if his son had arrived home safely from the war. The letter, written in Polish, was forwarded to Chicago for translation and has been promptly answered by the family.
The letter told about the escape of his son and a companion from the Germans as they retreated and their protection in a Polish home until the arrival of the Russian army. Accompanying the letter was a statement written and left by the two Americans, telling of the protection that had been given them by the family.
“War news is old news,” was the reason given by the son in requesting that no names be published.

Close forecasts
T. C. Hart, Tales of the Street editor and for years the political expert of Paddock Publications, forecasted the total vote within four votes of that total, both in Tuesday's election and in the election of 1944.
In 1944 the total vote in the township was 2436. Mr. Hart's forecast was 2500 votes. In last Tuesday's election he guessed 2400 votes and there were 2404 ballots polled in the township.
Missing by four votes in both 1944 and 1946, once four too few and once four too many left this political dopster with a combined forecast for the two elections of 4900 votes.
The total vote for the two years was 4900 votes, which is about as good a record as any political dopster could hope to make.

Stars Deceptive
Stars are not where they appear to be. Aberration and other phenomena change the direction of light waves sufficiently to give a misleading impression to the observer.

Presbyterian minister resigns
The resignation of the Rev. Robert C. Grady, pastor of the Arlington Heights Presbyterian church, has been accepted. Rev. Grady and his family have left town.
The committee appointed to recommend to the congregation a new minister are Harold B. Rose, chairman, Miss Gertrude Adam, Mrs. H. F. Barber, C. I. Davis, H. S. Fehlman, A. L. Goldthwaite, T. H. Hildebrand, O. C. Kurtz, Miss M. Muller, Mrs. H. G. Peter, I. J. Tesch, Dale Williams and N. M. Lattot, secretary.
The Presbytery has appointed the Rev. J. W. Sala, Chicago, to serve as moderator of the local church pending the arrival of a new minister. In the meantime, prominent ministers from the Chicago area will fill the pulpit for the Sunday morning services.

Lions Club presents trophy to Rose-Lo soft ball team
The Rose-Lo soft ball team were guests of the Lions Club at their last regular meeting and were awarded the softball championship trophy of Arlington Heights for 1946.
The trophy was donated by the Arlington Heights Lions Club and presented by Lion C. W. Lussman, chairman of the sports committee to "Mel" Laseke, captain of the team.

Unanimous for sale of Box Elder school

Residents of the former Box Elder school in the Consolidated Dist. No. 59, voted unanimously last week for the sale of that school house. The consolidated school plan is working out very satisfactory for the area and all of the children are taken by buses to the central school at Touhy and Higgins roads, where there are now three teachers. The enrollment is nearly seventy. It is only a question of time before an addition to the school will be necessary.

District 61 withdrew after the original consolidation. The consolidated district now comprises former school districts 60, 58 and 59. The Box Elder school is on Landmeier road east of the Arlington Heights road. The sale of the property, comprising the building and a half acre of land will be held by the school trustees of Elk Grove township on Nov. 30, notice of which appears in this paper.

Palatine high school nets \$967 profit on magazine drive
The Palatine Township High School magazine subscription drive of seven days ended Tuesday morning with a net profit to the school of \$967.00. The money will be shared by the school yearbook and the school paper. Total sales amounted to over \$2,500.00.
The winning sophomore home room sponsored by Miss Marjorie Thomas, home economics instructor, brought in a profit of \$170.30. Close behind was the sophomore room of Mr. Milton Case, music instructor with \$153.85 profit. Mr. Marvin Plate's freshmen took third with 100. Others making good records were Mr. Ray Mills' juniors with \$87.00, Mr. R. K. Welty's freshmen, \$82.50, and Miss Henrietta Wilkams' freshmen, \$80.

Book fair changed
The annual book fair which was originally planned for November will now be held at the North school, Arlington Heights, December 13, at 7 p. m.
Tickets are 50c and may be obtained from P. T. A. Board members or from children in the North and South schools.

Bids asked for garage-building at Des Plaines

Richard Runge, secretary of the Maine Garage Bldg. Corp., is receiving bids until November 19 for the sale of the garage building and two lots at the corner of Miner street and River road, Des Plaines. The premises are being offered subject to a lease expiring February 29, 1948, at a rental of \$200 a month.
The property is now being used as an automobile sales room. It is being sold to close up the affairs of the building corporation.

Prospect Heights firemen announce carnival dates

The Prospect Heights Firemen have set their carnival dates for 1947 as August 8, 9 and 10, and have already started planning for an outstanding event.

Committees of citizens to handle booths, rides, amusements, novelties and events have already been assigned and each committee will strive to make their particular portion of the program a bigger and better project than those offered the public at the 10th Anniversary Fete last August.

It will be the firemen's first public call for assistance and all proceeds from the carnival will go to the Fire District for additional facilities and fire fighting equipment.

The 1947 fete will be advertised and publicized as "Prospect Heights Days".

Christmas savings checks next week

Mt. Prospect State Bank will mail their 1946 Christmas Savings checks to members of the club next Monday. Those checks will turn loose for Xmas buying over \$35,000. Christmas Savings clubs at this bank have gained in popularity each succeeding year. The club for 1947 will be formed next week.

Accident Compensation
Compensation paid for eye accidents in New York state amount to twice the average payment for all other disabling industrial accidents.

Notice of Sale

Notice is hereby given that on the 30th day of November, 1946, the Trustees of schools of Township 41, Range 11, Cook County, Illinois, will sell at public sale, on the premises hereinafter described, at the hour of 10:30 a. m., the following described property:

The school lot containing approximately one-half acre, together with all buildings and improvements thereon, located on Landmeier Road, East of Arlington Heights State Road, commonly known as the Box Elder School.

Legally described as: Beginning at a post North eighteen and one-half degrees (18 1/2°) West and distant Thirteen chains and seventy links from the Southeast corner of the East half of the North-west quarter of Section 28, thence North Ten degrees east two chains and fifty links to a point in center line of road thence South Seventy-six degrees east two chains, thence South ten degrees west Two Chains and Fifty links to a post thence North Seventy-six degrees west Two chains to the place of beginning in Cook County, Illinois.

which sale will be made for Cash, on the following terms: Successful bidder to deposit 10% of the bid at the time of sale, balance upon delivery of deed.

Notice of Proposed
Change in Schedule E-2-M

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS hereby gives notice to the public that it has filed with the Illinois Commerce Commission on November 1, 1946, a proposed revision of Rate 102 - Municipal Street lighting, and cancellation of Rate M (100) - Municipal Street Lighting.

The revision of Rate 102 is proposed primarily to make increased intensity street lighting available at no increase in cost to those municipalities now using 1000 lumen lighting units under this rate. Minor changes are made in the provisions of the rate, and charges for certain Special Equipment are slightly reduced.

The cancellation of Rate 100 is being requested inasmuch as more favorable rates are available and no service has been rendered under this rate for the past two years.

A copy of the proposed change in schedule may be inspected by any interested party at any business office of this Company.

All parties interested in this matter may obtain information with respect thereto either directly from this Company or by addressing the Secretary of the Illinois Commerce Commission at Springfield, Illinois.

PUBLIC SERVICE COMPANY of Northern Illinois
By C. G. Bennett
Vice President

Notice

Take notice that an application for retail liquor dealers' license outside incorporated village or town in Cook county has been made by the following:

Frank J. Miller "Tiny's", Rand Road west of Wilke Road, Palatine Township, Palatine, Illinois.

Objections to the granting of such license may be made to the President of the Board of Commissioners of Cook County as Local Liquor Control Commissioner in writing and signed by the objector within five days stating specifically the grounds of objection.

CLAYTON F. SMITH,
Cook County Liquor Control Commissioner.

Expert Shots
America's greatest husband and wife shooting exhibition team, Bill and Fran Johnson, have instructed almost a million servicemen in the use of firearms. Mrs. Johnson is almost as proficient in shooting as her husband. Bill weighs a good 190 pounds, Fran a scant 100 pounds.

Flapjack flipper

Pictured here is Aunt Jemima, well-known pancake purveyor, who will "flip the flapjacks" for the pancake supper Monday night at the Arlington Heights Methodist church gymnasium. Boy Scouts Troop 7 will benefit from the proceeds.

Fourteen turkey winners at Heights

Award of 14 turkeys by the Arlington Heights VFW was made Saturday night with 12 of the winners living in Arlington Heights. These 12 included Jake Krause, C. A. Courtney, J. Duthorn, Herb Skoog, W. Granzin, Harold Dieball, Ira Melbourne, Orin Stein, B. Schmidt, George Svetanoff, Emma Kosmin and Hans Bosshart.

Out of town winners included Jean Pusch of Norwood Park and Paul Dacu of Des Plaines.

Change of venue, continuance mark hazing case

Spectators present at the hearing Saturday of the hazing case before Judge Behrens missed out on any exciting testimony as change of venue was taken to Judge Adam at the Arlington Heights village hall, who in turn granted a continuance of two weeks. He refused the request of the defendants for a month's postponement.

The victim of the hazing will not return to school.

Vitamin Rich

One cup of freshly shredded cabbage furnishes one-half of the daily vitamin C needs. Cabbage also adds to the day's supply of B vitamins, calcium and, if the cabbage is green, vitamin A. Since air, water and heat rob cabbage of vitamin C, raw cabbage should be served promptly after cutting. Shredded cabbage boiled for 5 minutes and quartered cabbage cooked only 10 to 15 minutes were found to be good sources of vitamin C.

Must request now for reassignment of license numbers

Secretary of State Edward J. Barrett today cautioned persons applying for re-assignment of their current license numbers to make certain that they indicate they are requesting a re-assignment.

He said that among the thousands of applications for 1947 plates are routine applications in which the applicant does not desire a special number. Unless the applicant makes a notation of the number requested, the Automobile Department has no way of knowing whether the applicant desires re-assignment of their present number. The number desired should be noted in the space on the blank entitled "remarks".

December first is the deadline for applying for reassigned numbers. After that all numbers not requested will be assigned routinely.

Palatine car dealer invests in a Jeep

Otto Gaare Palatine Pontiac dealer, has had to wait so long for a car for himself that he has invested in a jeep which he purchased in California and drove back home. Mrs. Gaare started out on the return journey with her husband but even Otto admitted that 3,000 miles in a jeep is not a joy ride and he insisted that his wife make the latter part of the trip home by train.

Otto says, "I have heard those GIs talk so much about the jeep that I decided to tryout one of the blame things myself. Those cars are reputed to climb over and thru trees on the battle field, but the one I got behaves like a little lady and has not even attempted to climb a telephone pole".

Bathe Hands

Get into the habit of giving your hands a Saturday night bath in warm oil. A once-a-week immersion will keep the cuticle soft and pliable and will build stronger nails. It's not necessary to remove the nail polish to give them this bath, either.

Applications for 1947 State Auto Licenses ARE NOW AVAILABLE AT OFFICE OF Catherine Behrens 100 North Duntun Ave. Apply Now For Special or Low Numbers

Kelly's Kolumn

University of Chicago
Bev. Peterson and Del Weise hibernated to sunny California, land of the liquid sunshine for the first part of the winter. Aside from their work as governesses to a producer's children near Hollywood, they covered all the places a sightseer sees on his first trip to the wild and woolly west. It is dreams of a white Christmas and a twinge of homesickness that will bring them home in December. Bev plans to start her second year at the University of Chicago in January. Del's plans are indefinite.

University of Illinois
The genial Navy atmosphere with sound effects thrown in ought to make four former sailors, Dick Christiansen, Paul Sapp, Don Hotz and Bill Miller feel right "home". They are attending the U. of Illinois extension at Navy Pier. The 121 classrooms aren't completed yet, but they're certainly putting forth an effort. Speech students had some trouble "delivering" with a pneumatic drill going full blast in the near vicinity. I wonder if Miss Gleah Brown, freshman rhetoric instructor there, has any of her former students. Oh no! she says. Not that!

Ruth and Fred Deardorff flew from Kansas City, Kansas to spend last week end with their cousins, Mr. and Mrs. Robert Malcolm.

Mr. and Mrs. William Franké and Mrs. W. G. Franke of Chicago and Mr. and Mrs. Irvin Wons and children of Clarendon Heights, called on Mrs. Martha Baer Sunday. Mrs. Baer has just returned from a three months visit in Ketchikan, Alaska, where she visited her sister-in-law.

Others flying this week end were Mr. and Mrs. Earl C. Jasper, who came from Minneapolis, Minnesota to spend the week end with Mr. and Mrs. A. Jasper.

Mrs. Frank S. Maynard of Rockford spent the week end with her daughter, Mrs. Chester J. Moore, and family.

Circle number 2 of the Presbyterian Ladies Aid will meet in the home of Mrs. Donald Cox this Friday at 2 p.m.

Mr. and Mrs. Horace Rhinerson and children, Roxann and Ronald, will move to Tipton, Indiana about December 1. The Rhinersons have lived in Arlington Heights for about one year.

Dale Hooson was honored with a birthday supper Sunday night, which was given by his mother, Mrs. Ruth Monjeau. Those present for the occasion were Marilyn, Carol, and Lois Hastings, Carolene, Patty, and Dale Hooson, Mr. and Mrs. Don Hooson, Mrs. Arthur Wahl and daughters, Mrs. Monjeau and daughter, Sharon.

Mrs. A. Jasper entertained the members of her pinocle club at a belated birthday luncheon in her home Wednesday afternoon.

Mrs. Earl Fredricks entertained her pinocle club in her Prospect Heights home Tuesday evening. Honors were won by Vera Folkman and Mrs. Vance Folkman.

Mr. and Mrs. Arthur McElhose, accompanied by Miss Laura McElhose, returned last week from a trip to Salina, Kansas, where they visited their daughter, Virginia, and husband, Ralph Herzog, and their granddaughter.

Mr. and Mrs. Norman Horcher have moved from the city to 937 North Walnut ave.

Mrs. Lucille Schenemann of Chicago is visiting her niece, Mrs. O. G. Bolte and family.

Mrs. Andrew Horcher, 623 N. State rd., celebrated her birthday Monday with a one o'clock luncheon for several guests. Following the luncheon the group was entertained with games.

Hostess to her bridge club on Monday was Mrs. A. Schoenbeck. Honors were won by Mrs. A. Bray, Mrs. E. Ackermann and Mrs. Park Allen.

Mr. and Mrs. George Petersen were Sunday evening guests of Mr. and Mrs. G. E. Petersen.

Entertaining a friend from Chicago over the week end were Mr. and Mrs. William Hefferen.

Mrs. Alma Ihle was hostess to her pinocle club Tuesday.

Mrs. Elizabeth Zuschlag is convalescing from a recent operation she underwent at the Elmhurst hospital.

Edwin Ketterman who is a surgical patient in the Sherman hospital, Elgin, is reported improving in health.

Mrs. Charles Pavel of Wisconsin is a guest of Mrs. Larry Sebastian, who lives on W. Wing street.

The Coosa Club met Friday evening with Mrs. Arthur Bray. Honors were won by Miss Helen Meyer. The next meeting will be at the home of Mrs. G. E. Petersen.

The Sunshine Club gave Mrs. Dewey Scott a surprise party November 7. Mrs. Scott is moving to Park Ridge soon. The group presented her with a gift to be used to buy something for her new home.

Mrs. William Schoppman, N. Belmont ave., entertained guests at dinner Wednesday in honor of her birthday. Guests present from out of town were from Barrington and Chicago.

Mrs. John Heigold of Decatur is visiting her daughter, Mrs. Fred E. Chambers, this week.

Mrs. Paul Fellingham entertained a group of eight lady friends from Chicago last Thursday evening.

Several co-workers of Dorothy Muller, who is employed at Mayfair Food Products, gave a surprise birthday party for her last Thursday night. The party was held at the home of Dolores Koeppl, 38 N. Belmont.

Group five of the Presbyterian church held their regular meeting Tuesday afternoon at the Stonegate home of Miss Constance Attwood.

Miss Marilyn Leon, who is a nurse at the Veterans Administration hospital at Great Lakes, visited at the home of her cousin, Mrs. R. J. Rizzi last Monday and Tuesday.

Mr. and Mrs. Tom Hildebrand of 527 Mayfair road, Searsdale, are enjoying a vacation in the Ozarks.

The pinocle club of Mrs. Mildred Busse met at her home Tuesday evening. High honors were won by Mesdames Ethel Stoike, Mary Csanadi and Mildred Busse.

The Evelyn Circle of the Methodist WSCS will meet Tuesday, November 19, at 1:30 at the home of Mrs. William Brown, 303 N. Pine. A dessert luncheon will be served and Mrs. Charles Deigl will act as co-hostess.

The Elmer Carnross' entertained Mr. and Mrs. C. A. Hughes, Mr. and Mrs. C. H. Mills and Mr. and Mrs. Joseph Zikmund and son, Joe, at Sunday dinner at the Spinning Wheel in Hinsdale. After dinner the entire group attended the Golden Wedding celebration of Mr. and Mrs. Ezra McClaughry in Palos Park.

Spending Sunday in Chicago visiting Mr. and Mrs. Ed. Hauser were Mr. and Mrs. Rudolph Lipke and family.

Mr. and Mrs. William Dising of Chicago and Mr. and Mrs. John Dising of Maiden Rock, Wis., spent Wednesday evening visiting at the home of Mrs. R. J. Rizzi and family.

23 third graders become Brownies

Resplendent in their new uniforms 23 girls from the third grade of the Arlington Heights North school were invested into the Brownie Organization Thursday, November 7.

In traditional investiture services each girl received a pin and, having previously learned the Brownie Promise and Slogan, now became an active member. The mothers of the girls were entertained by a shadowgraph of the Brownie story.

The troop is under the leadership of Mrs. Guy Davis, who is assisted by a troop committee consisting of Mesdames Lohse, Bates, Bray, McKaig and Rose. Members of the troop are Barbara Bates, Jane Bray, Janet Davis, Kim Gieske, Judy Grose, Karen Lacin, Gwendolyn Lotta, Barbara Lohse, Judy Luehring, Peggy McKaig, Patricia Mueller, Patty Miller, Jean Orniston, Myrtle Pfundstein, Carol Rapp, Cheryl Rogers, Sherry Rogers, Jean Rose, Melody Scholz, Maurcen Shumaker, Rita Tinkle, Leanne Witt, and Annette Wahl.

American Legion Auxiliary notes

Merle Guild Unit number 208 American Legion Auxiliary will hold a regular business meeting at Legion hall Tuesday evening, November 19.

The president, Merle Holtz, and members will attend the Ninth District Auxiliary Caravan Thursday, November 14. The Armistice party Saturday evening was well attended and enjoyed by all present.

The services at the flag pole on Armistice Day were carried out as planned.

Club calendar

November

14—OES stated meeting, followed by election of officers.

23-24—St. James Fall Festival, school hall. Roast beef dinner to be served November 24 from 3 p. m. to 7 p. m.

30—Lutheran Child Welfare rummage sale in St. Peter Lutheran school basement at 9 a.m.

December

6—Poncake supper, Youth Fellowship St. John's church.

8—Sunday evening lecture in high school at 8 p.m., sponsored by Woman's Club board. Major Hamilton Long will be the speaker.

16-4-H Carnival, Methodist church.

CARD OF THANKS

Our recent sad loss leaves us with grateful hearts toward neighbors and friends. Their comforting expressions of sympathy and thoughtfulness will always be remembered.

We wish to particularly thank Rev. Stephan for his comforting words, Mrs. Fairbanks for her solo, and Karstens-Fairbanks for their services.

Relatives of the late Alvina Boeger.

Arlington auditor perfects an income tax finder

E. F. Laurin, Arlington Hts. public accountant, has perfected and is selling an income tax finder that tells in an instant the amount of income tax due the government for incomes between \$500 and \$100,000.

It is meeting a ready sale, although Mr. Laurin has not had the opportunity to do very much circulating. It is especially welcomed by banks, lawyers and others who make it a business figuring income taxes for others.

Many individual tax payers are also taking advantage of the

finder to learn their probable tax. If the government makes any reduction on next year's income taxes by the percentage method, the tax finder will be of equal worth a year from now. It is being sold by the Arlington Publishing Co.

Bazaar at Schaumburg East School

The ladies sewing circle of the Schaumburg Lutheran East School announce a fancy goods sale with refreshments, to be held Friday evening, November 22 at eight o'clock. This is an opportunity to buy Christmas presents. The school is on Route 53 and Schaumburg road. (11-22)

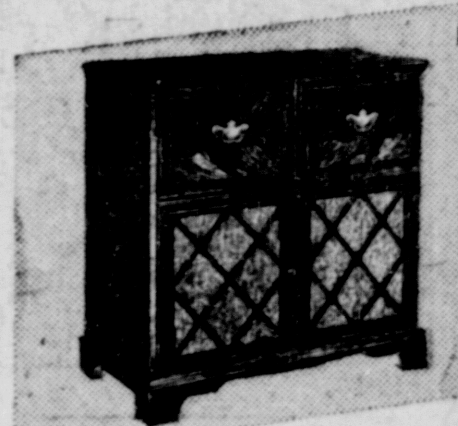

Wheeling township home bureau

The meeting of Wheeling home bureau will be held November 21, 1:30 p. m., at the home of Mrs. Arnold Scharringhouse, 1217 S. Pine, Arlington Heights. Major lesson will be "Repair of Clothing" by two leaders, Palatine unit. Minor lesson will be a continuation of "Sewing Helps", by Mrs. Arnold Scharringhausen.

Wool Trade

In the prewar years, the total international trade in wool was around 2 billion pounds a year, with the usual carryover only around 200 million pounds.

What You Should Know About

HOME FREEZERS

Before you buy a home freezer it is well to consider all the facts so you will know which unit will suit your purpose. You may have asked yourself "What advantages are there in a home freezer for me? What type do I need?" The answers to these questions depend on the size of your family, your home, and the availability of fresh foods.

Home freezers were not manufactured during the war, but the fortunate housewives who were "freezing" voiced their approval with such enthusiasm and whole-hearted praise that women the country over decided they must have one. Many companies will have freezers available later in the year.

What are the advantages of a freezer?

Meal planning ceases to depend on the seasons or local markets when you have a home freezer. With a variety of frozen foods on hand (home and commercially frozen foods, including breads, pies, cakes and ice cream) meals can be prepared on a moment's notice. Unexpected guests can be served fine "company dinners"... meals which ordinarily would take long hours of planning, shopping and preparing. Out-of-season foods can be enjoyed at your table as fresh as they were in the garden months earlier and at as low a cost as when they were in season.

For those of you who grow fruits and vegetables, or have easy access to quantities of foods from local farms or markets, freezing will save time, vital food values, flavor and color. Actual time studies show that preservation by freezing takes approximately 1/3 the time required for home canning or dehydrating foods.

What size and style will you need?

You can estimate the size you will need by planning on one cubic foot as adequate for about 30 pounds of frozen food.

Many new household refrigerators have a low temperature compartment which may meet your requirements if your family is small or if there is no suitable location for a freezer.

For the family of average needs there are many types of home freezers. The chest-type is waist high and designed to fit into a utility room, basement or kitchen. Upright freezers are styled like your refrigerator and open from the front.

How to get the most from a freezer

Preparing foods for freezing must be done with care. The manufacturer of your home freezer will provide complete instructions. By following those simple directions you will get the most satisfaction from your freezer.

The operation of a freezer is just as simple as that of an electric refrigerator. It has to be defrosted only two or three times a year because it is not opened as often as a refrigerator. Home freezers can be plugged into any wall outlet and operate at a monthly cost slightly higher than a standard refrigerator of the same capacity.

FREE copies of our interesting new booklet "Facts about Home Freezers," may be obtained at your Public Service store or by writing the company.

Noted educator to speak before PTA Tuesday eve

All thinking persons in Arlington Heights will want to hear Edward H. Stullken at the North School Tuesday evening, November 19. For the past 17 years, Mr. Stullken has been principal of Chicago's Montefiore Special School, which he helped to establish in 1929, for the education of problem children.

In the educational world, Mr. Stullken needs no introduction. His record as an educator, author and lecturer speaks for itself. He has been called by two United States presidents to take part in White House youth conferences, was for six years a member of the Board of Directors of the International Council for Exceptional Children, was appointed by the late Governor Horner to the Illinois State Advisory Board for the Prevention of Juvenile Delinquency and by Governor Green to the Illinois Commission for Handicapped Children.

He has done special teaching at Northwestern University and the University of Chicago. These and numerous other accomplishments establish Mr. Stullken as an authority on the subject of special education for children who in any way deviate from the normal pattern.

The meeting begins at 8 p. m., with a short musical program preceding Mr. Stullken's talk. Everyone is invited to stay for refreshments afterward.

Winners of the recent PTA membership drive were the first grade, South school and fifth

grade, North school. Each winning room received a prize of \$250. All previous records were broken, with the last tally showing a membership of 535.

Insurance underwriter

Richard Frasier of Arlington Heights is among the 600 leading life insurance men selected from over 125,000 in the United States to receive national recognition by having their biographical sketches published in the "Prominent Life Underwriters of America" book, 1946 edition, published in Chicago this week.

First of Sunday evening lecture series is Dec. 8

Residents of Barrington have their Town Meetings, Maine Township has its lecture courses and this winter a group of public-spirited women are bringing to Arlington Heights and Wheeling township its own lecture series.

Known as the Sunday Evening Lecture Series, these lectures will be given at the high school in Arlington Heights December 8, January 12, February 16 and March 9.

The speakers, all nationally

OES officers entertain

The officers of the Arlington Heights chapter OES and their escorts entertained the Worthy Matron, Agnes Olson, and Worthy Patron Harold A. Hastings, at 6:30 dinner Saturday evening, November 9.

The dinner was held at Wirth's restaurant in Fox River Grove and was served from tables attractively decorated with autumn mums and favors. Following the dinner the Worthy Matron and Worthy Patron were presented with gifts of money from the officers as a memento of a year of service together.

Also guests at the dinner were the OES instructress, Myrtle L. Frey and George K. Volz. Cards were later enjoyed by the entire group.

FRIDAY, NOVEMBER 15, 1946

Russian influence on peace subject of DAR

Highlighting the fall and winter activities of Eli Skinner chapter, Daughters of the American Revolution, of Arlington Heights, was the meeting on the afternoon of Nov. 7 in the home of Mrs. Arthur J. Mally of Palatine. The occasion honored Mrs. Vinton Earl Sisson, Chicago, past librarian general in the National Society of D.A.R., and now state parliamentarian for Illinois.

"Will the World Organization Keep the Peace?" was the subject of Mrs. Sisson's talk. She discussed Russia's attitude toward the United States and other countries, and expressed very little hope for better understanding because of what she termed "the vast differences in Russia's ideology and the principles of our government."

"Infiltration of Communists is a matter of increasing concern," Mrs. Sisson declared, "and if America's continue to be gullible the inroads of Russian theories will continue to leave their mark in strikes and disorder." She stated that subversive activities influencing the trend of thought presents a serious problem, and urged that national defenses be maintained regardless of wishful thinking and high hopes. "Apathy of citizens makes this an even more dangerous situation," she said.

Present also was Mrs. C. H. Mills of Stonegate, past state registrar of Indiana, and a member of the local chapter. Mrs. Kenneth Gregory, the chapter Regent, presided and welcomed the numerous guests who represented Des Plaines, Park Ridge, Glencoe and other suburbs, as well as Arlington Heights. Mrs. M. W. Grigsby, vice regent and program chairman, introduced Mrs. Sisson. The program was followed by tea.

The chapter, which was organized in the spring, is a branch of both state and national D. A. R. organizations and contributes its part toward support of the broad philanthropic and educational program of the larger bodies. This includes maintenance of mountain schools, occupational service men, Americanization work among the foreign born, and support of legislation protecting the principles of the Colonial government.

The work in Vaughn General Hospital includes installation of an individual radio system whereby push buttons beneath pillows provide each patient

with his favorite radio program, while the boy in the next cot is unable to hear it and can be enjoying his own choice. The National D.A.R. has so far paid out \$61,000 for this radio system and there is still more money to be paid toward the cost. This the organization has pledged to do without funds from groups other than its own. The D.A.R. pays salaries to workers at both ports of entry, Ellis Island on the East coast, and Angel Island on the West coast, in addition to the help given Veterans and mountain school children.

A little girl's dream may come true

The doll that every little girl dreams of but never really hopes to own is now on display at the Emerald Shop in Arlington Heights. Some lucky girl is going to be able to have this doll for her very own.

Members of the Arlington Heights Chapter FW of the PEO Sisterhood have made the wardrobe that goes with it. This wardrobe is complete in every detail, from beach clothes to party dresses, including all the accessories that go with each change of costume.

This doll and wardrobe will be awarded to some little girl November 29. For details stop in at the Emerald Shop after you've looked over the display in the window of call Mrs. Charles F. Bloeker, Arlington Heights 379R.

Regional Youth groups to meet November 17

The Arlington Heights St. John's Youth Fellowship group will meet Sunday, November 17, at 3 o'clock in the St. Paul Evangelical church in Elgin. The guest speaker for the afternoon will be William Kirman, counter espionage agent of Chicago.

There will be other entertainment and supper will be prepared and served to the groups by the various churches of the region.

Sooty Chimneys

Sooty chimneys and flues should be cleaned at regular intervals and repaired if they are faulty.

Jerald Fred Kehe baptized Sunday

The four week old son of Mr. and Mrs. Arthur Kehe of Arlington Heights was baptized Jerald Fred by the Reverend L. V. Stephan in a three o'clock service at the Arlington Heights St. Peter Lutheran church Sunday afternoon. The baby's sponsors were Mrs. Wilbert Becker, Melvin Kehe, Fred Meyer, and Mrs. Edward Garmis.

A dinner for the sponsors and grandparents of Jerald was held in the Kehe home following the ceremony.

PTA council book review

The Northwest Suburban Council of PTA of which Mrs. C. B. Bydal, Mt. Prospect is president, announces a ways and means project Tuesday, November 19, at the Roosevelt school in Park Ridge at 1:15 p. m. Mrs. W. E. Eastman will review "What Became of Anna Bolton", by Louis Bromfield. Admission will be voluntary contribution. Tea will be served.

LaLonde Realtors drop first tilt to St. Charles

The LaLonde Realtors of Palatine traveled to St. Charles Friday night and ran into a fast, well-organized Howell Mfg. quintet which resulted in a 46-33 defeat for the local five.

The St. Charles outfit jumped into a quick 5-1 lead in the first few minutes of play and, with the exception of the third quarter, never were seriously challenged by the visitors.

The ex-Pirates came roaring out at the outset of the second half and dumped in three quick buckets by Snyder, Hildebrandt and Stinson to narrow the gap to 18-16 but Morton, former All-State forward of Elgin's great '43 team and letter winner at Illinois, dumped in four fast buckets to nullify the Realtors efforts.

LaLonde's, after a listless first half, showed a great deal of improvement the second half and indicated that with a little more practice and organization they will be one of the better amateur teams in this area. The showing against the St. Charles five was satisfactory inasmuch as they lead the powerful Industrial League of the Fox River Valley at Elgin.

The Harlem Globe Trotters played the feature game and put on one of the best basketball shows seen in that area. The Globe Trotters will appear in Palatine Wednesday, December 4th, so the basketball enthusiasts in Palatine are in for a real treat on that night.

Everything is in readiness for the blue ribbon event of dogdom—the Western Specialty Clubs Association's thirty-fifth Autumn Dog Show Classic, scheduled Saturday and Sunday, Nov. 23 and 24, at the Coliseum in Chicago, starting at 10 o'clock each morning and lasting through the day and evening.

From all parts of the United States and Canada, more than 1,000 of the finest dogs in 24 breeds, including a great number of champions, will be present for the gala event. In reality 24 dog shows in one, the Western Specialty competition has 24 breed clubs, four of them national, each sponsoring its own judging and prize awarding.

Children's handling classes added feature of the show. Boxer, Doberman pinscher and German shepherd obedience trials also are scheduled.

Chicago Stags at Stadium this week end

The Chicago entry in the new pro-league—the Basketball Association of America, off to a flying start will resume their cage action with pending games this week or up to Sunday, Nov. 17 with a trio of contests. Two of the games will be played on the Stags' home court—the Chicago Stadium.

In the home games the Stags face the Boston Celtics on Wednesday night, and the Washington (D. C.) Capitals, on Saturday night. The other game finds the Chicago squad facing the Cleveland Rebels in the Cleveland Arena Sunday, Nov. 17.

The Celtics who furnish the opposition in the Stadium on Wednesday night, will be seeking revenge against the Stags. The Chicagoans defeated the Boston team 57-55, on Tuesday, Nov. 5 in Boston, for their second victory in the new league.

MAC SAYS:

BY GERALD A. MCELROY

Lake Forest, our pick and that of most of the coaches from the start, came through with the Northeast title undefeated. In fact the scores easily show that only one team in the league, Niles, even challenged Lindenmeyers' powerful Scouts. Except for the 14-7 victory over Niles the Lake Forest eleven had easy going. Lake Forest beat Northbrook, Northwest Champ, by a 33-0 count in their only non-league game and finish the year as one of the few unbeaten clubs in the state of Illinois.

Hanson and Jones outstanding at Lake Forest

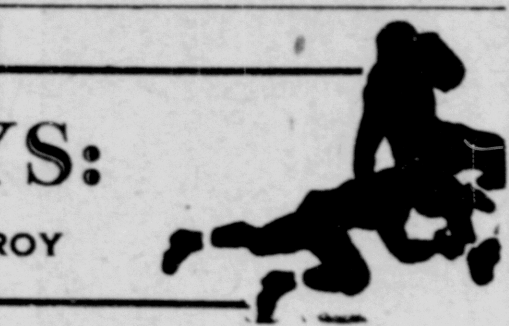

Lake Forest has two boys who rate all-state recognition. Captain J. Hanson was far and away the best end in the league and probably as good as any in the Chicago area. He was outstanding last year and this season was in a class himself. Standing six feet three and weighing 180 pounds the Lake Forest wingman was a great pass receiver and defensive performer. In the final game against Arlington he snared three touchdowns passes. Just as good and deserving of all-state recognition was Amos Jones, 195 pound six foot three tackle, who tore opposing lines apart in his third regular season for the Scouts. Both Hanson and Jones are great players and if they do not get all-state mention we will be surprised. Coaches of the Northeast Conference should all write Pat Harmon of the Champaign News Gazette and boost these two boys. We are doing so and hope the local conference and Lake Forest will be honored by their selection.

Lake Forest loses one game in three seasons

Of course Lake Forest had a number of other good boys. From what we hear Bob Price at end, Frank Metzger at fullback, and Lennie Anderson, a great passing quarterback, deserve mention on a team of outstanding performers. Coach Edgar Lindenmeyer always has had great ball teams at Lake Forest. His teams have lost only one game in the last three league seasons and only two in the last four seasons. "Landy" was himself an all-American tackle at Missouri in his college days and his ability to train linemen has made Lake Forest year after year the team with the strongest line in the league. You never get beaten badly if you have a strong line and no one ever runs over a Lake Forest football team.

Leyden finally gets going

Earlier in the season we mentioned that Leyden looked like a good team, had good material, but seemed to be going fast. We thought they might snap out of it but did not have too much hope. They lost 26-0 to Niles, 39-0 to Arlington, and 33-0 to Lake Forest which would hardly lead anyone to sing their praises. However Leyden's Eagles finished the season in a grand way. They had beaten Woodstock 13-12 and Libertyville 13-6 and then in the last two games whipped Warren 12-0 and Crystal Lake 14-7, both of whom were picked to beat Leyden. This great finish moved Leyden from the second division to third place with a 4-3 rating above Arlington. Congratulations, Leyden.

How Mac picked 'em

"Mac" batted .750 in the Northeast conference this year with 21 of 28 games picked correctly. Not a bad average, tho the rest of us on the sports staff had hoped for a better record.

Libertyville's Wildcats were the big disappointment of the year, so far as Mac's batting average goes, for advanced season dope showed them the winner of three games. Instead, the Lake county boys failed to notch a single scalp, which meant a 10% drop in accuracy.

Here is the way Mac picked them the week before the season started. Compare them with final standings elsewhere on this page.

Lake Forest	5	1	1
Crystal Lake	5	2	0
Niles	4	2	1
Arlington	4	2	1
Leyden	4	3	0
Libertyville	3	3	1
Woodstock	1	6	0
Warren	0	7	0

To play Nov. 24

High scoring Bray stars on pro team at Bensenville

Agis (Speed) Bray, high-scoring forward who brings fans to their feet with spectacular shooting one minute, then brings down the house with clownish antics the next, will be in the starting lineup when the famous Chicago Collegians come to Bensenville to meet the Tioga VFW Post 2149 quintet Sunday, November 24.

The game will be the feature attraction of Bensenville's first independent basketball double-header in three years. The twin bill, as will all of the Tioga team's home games, will be held at the high school gym.

Many fans in these parts probably remember Bray because he appeared in Bensenville several

schedule calls for a classy lineup of opponents for the veteran Bulldog team. Waukegan, champs of the Suburban League two years in a row, has a veteran team but four returning regulars graduate at the end of the semester. Coach Wilbur Allen is getting all his non-league opponents on the first semester schedule.

After playing Libertyville next Wednesday, Nov. 20, the Bulldogs will meet Paris at Waukegan on Friday, Nov. 22. Paris has last year's team intact and hopes to take the state title if they can better Champaign who won it last year and has four of their first six back. Waukegan brings Champaign to the North Shore for a big game on

The Waukegan High cage January 4.

Lack height

Palatine host to St. Charles in court opener Friday eve

With football just completed the basketball season comes on in a hurry with one of the first high school games in this area to be played Friday, November 15, at Palatine High with St. Charles the opponent. Palatine is not so certain whether they can entertain championship hopes this season or not. The Pirates have three good regulars returning from last year's third place team and another letterman but the team will be so short on ranky boys for rebounding that the chances are very much in doubt.

Coach Stutzman has Bob Birks, a varsity forward the past two years; Dick Kolze, regular guard of last year; Dick Pepper, who broke into the lineup as a regular forward after Christmas last year as a sophomore; and Harry Gustafson, a reserve guard on the varsity squad. Thus far the Palatine coach has been using Pepper and Gustafson at guards but they stand only about five feet nine in height.

Kolze, the only six footer has been shifted up to center. Dick Steinbrink, a transfer from Barrington, is looking good and may work in as a varsity forward. Fred Haemker, high scoring left handed forward of last year's lightweights will also make a strong bid at forward. Other squad members are Harold Hestrup, Harry Boobyer, Dilwin Rogers, Marvin Zoellick, John Kathrein, Tom Kincaid, Stuart Werner, Bob Sander, and Ronald Fogarett.

In the season opener Palatine will come up against one of the better teams from the strong Little Eight conference. In fact Palatine's toughest games come at the beginning of the season. After Friday's game the Pirates'

next foe will be Maine Township at Des Plaines on Friday, November 22. Maine was West Suburban champ last year and has three returning regulars.

In the Northwest Conference the preliminary games are strictly Frosh-Soph this year. M. M. Plate will handle frosh-soph basketball at Palatine and has a very green group from which to develop a team. The lack of grade school basketball in Palatine will place the junior Pirates at a tremendous disadvantage now that the second team is limited to frosh-sophs for most of Palatine's opponents do have boys who played competitive basketball in grade school.

Palatine cage schedule

Cards lose, 25-0

Passes bring Lake Forest win over Arlington for trophy

by MARVIN PRELLBERG

A strong Lake Forest passing attack proved to be the margin of victory over Arlington High as the Scouts won their seventh Northeast Conference football game last Friday on their own gridiron and took the conference championship with a perfect record of seven straight victories with no losses or ties. All four of the Scouts' touchdowns were either made by a pass or set up by one.

Coach Larry Priddy's and assistant coach C. R. Larsen's charges finished their season with a deadlock for fourth place with Crystal Lake. The Cardinals won three, lost three and tied one.

Lake Forest didn't start clicking until late in the first quarter when it was forced to kick from its own 30. The kick took a bad hop and bounced off Dick Prest. Lake Forest's right guard, Sidlo, pounced on the ball and the Blue and Gold took possession on Arlington's 40. On the third down, with the ball on the 38, Len Anderson faded back and tossed a 28-yard pass to Bob Price, who was tackled on the 9. Frank Metzger then reeled off 6 yards to the 3 and on the second down Ernest Burns ran around right end for the touchdown. The try for extra point failed.

Scouts score again

Early in the next quarter the Scouts started rolling again. After downing an Arlington punt on its own 44, the Forest's Metzger drove to the Arlington 48 and on the next down Anderson again flipped a pass to Price who skirted 12 yards after receiving it for the tally. Anderson then completed a pass to Price in the end zone for the extra point. During the remainder of the half, no score was made and the half ended, 13-0, in favor of Lake Forest.

Arlington came back fighting in the third quarter, and, although failing to score, they held

the Scouts scoreless through the quarter. But in the fourth period things began to happen for Lake Forest. After about two minutes of the quarter had elapsed, Metzger intercepted an Arlington forward and returned it eight yards to the Cards' 20.

15 yards in 7 plays

The Scouts, led by Metzger, hammered at Arlington's line and in seven plays reeled off 15 yards to the Cardinals' 5, but a 15-yard holding penalty on Lake Forest moved it back to the twenty, where on the next play Anderson faded back and flipped a touchdown pass to Jake Hansen in the end zone. Midway in the same period the Scouts downed a Cardinal punt on Arlington's 40 and on five running plays carried the ball to the 9. Metzger then faked a run around left end and jumped high into the air, tossing a pass again to Hansen, who sprinted six yards into the end zone for the tally.

Arlington came back fighting after the kickoff, with Elmer Rypkema making the best run of the game with a 40-yard kick-off return to the 50. This drive was halted, however, and the game ended with Lake Forest the winner and unbeaten champion of the Northeast Conference.

Collegian star

Al (Big Train) Johnson, 6-3 guard will be in the all-star lineup of the Chicago Collegians when the great Negro quintet comes to Bensenville Sunday, Nov. 24, to play the Tioga Post 2149 quintet at the high school gym.

ARLINGTON HEIGHTS

The estate of Adolph H. Busse, late of Arlington Heights, who died May 2, 1945, while in foreign military service, has been opened in Probate Court as he did not leave a will. His estate is estimated worth \$2,000.

His heirs are listed as his parents, Mr. and Mrs. Adolph Busse, Sr., four sisters and two brothers. His parents live in Arlington Heights as do his sister Agnes Stade and brother Norman Busse. Others are Irene Meyer, Palatine, Edward Busse, Mt. Prospect, Esther Bonkoski, Elgin and Christine Freise, Lake Zurich.

List revised schedule for Bison five

Bensenville Bisons are fast whipping into shape for their conference opener November 26 at Ela, though exact personnel of the first squad is undetermined at this time.

With the senior class play using the combination gymnasium-auditorium floor this week, basketball practice was stymied.

Coach Meneguini has reported quite a change in the original basketball schedule as published in this paper last week. Complete Bison schedule follows:

Nov. 26—Ela, there.
Dec. 6—Antioch, here.
Dec. 7—Northbrook, there.
Dec. 13—Barrington, there.
Dec. 19—Grant, here.
Jan. 10—Wauconda, here.
Jan. 14—Ela, here.
Jan. 17—Palatine, there.
Jan. 24—Northbrook, here.
Jan. 25—Antioch, there.
Jan. 31—Barrington, here.
Feb. 7—Grant, there.
Feb. 11—Wauconda, there.
Feb. 14—Palatine, here.

SHORT BOMB RUN

Perhaps the shortest bombing mission in history occurred during the invasion of Peleliu when United States Marine pilots flew 1,400 yards from the end of the runway on the recently captured airfield to Bloody Nose Ridge to drop napalm fire bombs in support of Marine infantrymen.

Dale Williams, senior, and starting fullback of the Cardinals, was outstanding for Arlington, both on offense and defense. Likewise, Frank Metzger was outstanding for Lake Forest as a ground gainer, as was Len Anderson as a passer.

Lineup:
Arl. — Payne, Ransdell, Bakalar, Dahlstrom, Roche, Robinson, Strigow, Lang, Lanelloti, Shanley.
Lake Forest — Volpe, E. Burns, Scharrer, R. Burns, Zengeler, Hunter, W. Jones.

Touchdowns: Hansen 2, E. Burns, Price.

Chicago stock show features farm youth

Farm youth will figure prominently in many of the programs and competitions of the "Victory" International Live Stock Exposition and Horse Show, scheduled for November 30 to December 7 in the International Amphitheater at the Chicago Stock Yards.

The 25th National 4-H Club Congress will be on in Chicago in conjunction with the International Live Stock Show. Boys and girls from the farms of 46 states will attend this year's Congress on all-expense trips awarded to state winners in the many and varied activities and projects in which 4-H boys and girls compete.

They will compete at Chicago for national titles of the year. Exhibits of Club work will be on display through the eight day run of the live stock exposition, and daily demonstrations will be put on by groups of 4-H members, depicting their accomplishments in home-making, farming and live stock raising.

A pageant—planned as a special feature to mark the 25th year of 4-H Club work—will be staged in the International Amphitheater at the Monday evening Horse Show, December 2. The theme of the 25th anniversary convalesce will be "Building Citizenship in a World Community."

Juniors to judge

Both 4-H and Vocational Agricultural members will compete in a national livestock judging contest, known as the International Junior Live Stock Judging Contest, which is scheduled as a pre-opening feature of the Exposition on Friday, November 29, in the International Amphitheater.

A similar contest for state agricultural college students will be held on Saturday, November 30, the opening day of the Exposition; and hundreds of 4-H and F.F.A. members will also take part that day in the International Junior Live Stock Feeding Contest, wherein boys and girls from 10 to 21 years old will exhibit steers, lambs, and hogs of their own raising.

Zoning change in Mundelein is approved

Action taken by the zoning board of Mundelein opens the way for a large home-building project in that village. The board recommended that the floor level requirements for all classes of dwellings, except one, be reduced.

Immediate development of the Lakewood Heights sub-division is promised. The Community Developers, Inc., Chicago, will proceed with the construction of 50 new homes, and it is their plan to build an additional 350 over a five-year or more period.

Village trustees were told that building costs today will not permit construction of homes that will not cost more than \$10,000, the ceiling for GI priorities, with the former floor level requirements. The change in floor levels will permit construction of fine types of houses which will be sold for \$8,500 and \$10,000.

Hold off discussion of Rte. 14 widening 6 mos.

Chicago Motor Club area council has decided to hold off six months in its discussion of the need for widening Northwest highway, route 14, to six lanes.

To crack down on zoning violations in Des Plaines

"Why anyone starting up a new business would go to the expense of installing equipment and trying to get started without first determining if they are in a proper district, is beyond me, and judging from present reports, it is time we took the bull by the horns and did something drastic about the condition." Such was the comment of third ward Alderman H. J. Kehe in Des Plaines, when the council was informed that another business had been discovered by the building inspector that has been operating for quite some time in an area zoned for residential only. This new violation involves the Wilson and Stuart Advertising Co. who are operating in a garage at 1357 Oakwood ave.

Questioned on the matter, the owners stated that they were in ignorance of being guilty of any such zoning violation, but after being so informed, they have taken steps to secure new quarters.

SHIP SCRAPPING

By scrapping ships not slated for active fleet, the Navy could realize less than one percent of their original cost. Instead, the Navy will preserve 2,200 ships in two inactive fleets for 20 years at approximately the same cost as their scrap value.

Evangelical and United Brethren churches to merge this Saturday

On Saturday, November 16, two great Christian denominations have a "date with destiny" as the Evangelical church and the United Brethren church merge into one at the United General Conference held at Johnstown, Penn. The merging of these two denominations into the Evangelical United Brethren church will take place from 9:00 to 9:30 a. m. (Eastern time) at the Beulah Evangelical church, and will be broadcast over radio station WJAC of the National Broadcasting chain.

Already the two churches have been in general conference sessions for over a week with several broadcasts daily. As the consummation of this merger takes place on Saturday, it will be the end of many years of planning and preparation, but it will also be the beginning of a greater and more effective christian ministry in the future. The united church will comprise a total membership of 700,000 with churches across the United States and Canada and throughout the world.

Both the Evangelical and the United Brethren churches started their ministry among German speaking people and have more or less followed their migration trends across the nation. For the last three or four decades, however, the use of the German language has declined until now there are relatively few completely German churches.

Both denominations have encouraged higher education and have colleges and seminaries for the training of their youth. With large publishing concerns in both churches, the united work should be effective in distributing high quality christian literature. Both churches are essentially evangelistic in character stressing the need of a vital personal faith in Jesus Christ as a prerequisite for a christian World Order.

Membership in the Federal Churches of Christ of America has been held by both churches for many years and they are also included in the World Council of churches.

Ela supervisor taken by death

Harry W. Washo, one of Lake Zurich's most prominent citizens, passed away a week ago Sunday at St. Theresa hospital, Waukegan, following several months illness. He had been in the hospital only a few days.

A retired Ela township farmer, Mr. Washo resided in the village of Lake Zurich for the past 10 years. He was well known in civic circles of his community and the county, having served as a member of the Lake county board of supervisors for the last 13 years. He served more recently on the zoning enforcement, plans and legislative committees of the county board.

ARLINGTON HEIGHTS

Anna Happ, Arlington Heights, who died June 29, left her \$7,000 estate in trust for the benefit of her grandchildren, Richard Happ and Alma Happ, both of Palatine. They are to receive the income and the principal or residue will be given them when Richard is 21. Leona Happ was named trustee to hold the fund and manage it for the children.

PATENT GRANTED

A patent has been issued in Washington to Louis A. McNabb, Glenview, for an improved sprocket device. He has assigned it to the Bell & Howell Co., Chicago.

Official Notice

NOTICE is hereby given that the directors of MAINE GARAGE BLDG. CORP. will receive sealed bids for the sale of the property of said corporation, described as:

Lots Fifty-five (55) and Fifty-six (56) in the subdivision of Lots Four (4) to Nine (9), both inclusive, lots Forty-four (44) to Fifty-seven (57), both inclusive, and lots One Hundred Seventy-three (173) and One Hundred Seventy-eight (178) in Town of Rand, in Sections 16, 17, 20 and 21, Township 41 North, Range 12 East of the Third Principal Meridian, according to the map thereof recorded January 11, 1961, in Book 161 of Maps, Page 18, in Cook County, Illinois.

which premises are improved with a brick garage building facing both on Miner Street and River Road, in the City of Des Plaines, Illinois, and also known as the Poyer Building.

Said premises are offered subject to a lease thereon expiring February 29, 1948, at a rental of \$200.00 per month, but free and clear of any encumbrances. Such bids will be received by the undersigned secretary of said corporation, to whom they should be addressed, until 8:00 o'clock P. M., November 19, 1946, and must be in the hands of the secretary by that time. Such bids must be for cash and accompanied by the bidder's certified check for five percent (5%) of the amount of the bid, payable to the order of the Maine Garage Bldg. Corp.

The directors reserve the right to reject any or all bids if in their judgment such bids are not adequate in price. The name of any bidder whose bid is rejected will not be disclosed.

RICHARD RUNGE, Secretary, MAINE GARAGE BLDG. CORP., 918 N. Dunton Ave., Arlington Heights, Ill. (11-15)

Yellow Fuji mums accentuate the gracefulness of this upswept hairdo . . . and give a distinctive and dashing touch to the coiffure.

Civil service examinations

Open competitive examinations leading to permanent appointment to positions in the Arlington Heights post office, are announced today by the local secretary of the U. S. Civil Service Commission.

The positions are for substitute clerks and carriers. These are the first examinations for probational appointment to be announced since October 23, 1943. Probational examinations in the post office department were suspended at that time in order to give those in the armed forces an opportunity to compete.

Veterans, accordingly, are given special consideration for these jobs. Disabled veterans, widows of veterans and wives of disabled veterans will receive an extra ten points in their examinations. As eligibles, they will top the list for appointment. Other veterans will receive an extra five points.

Those who are holding temporary or indefinite appointments made subsequent to October, 1943, will also be able to compete for permanent status. Examinations are limited to the patrons and temporary workers of the Arlington Heights post office.

The basic pay for these positions is \$1.04 an hour with increases added annually. Application forms may be obtained from the local secretary at the post office. They must be filled out and filed with the regional director, U. S. Civil Service Commission, 433 W. Van Buren st., Chicago 7, Ill., not later than November 21, 1946.

Your weekly treat recipe

Muffins add a certain zest to cold weather menus bringing warmth to your table. I remember Mother making them once or twice a week all thru the winter months, and they were always welcome. Most of us have made muffins, but here's a recipe that will be a bit of a surprise for the family.

Pecan Whole Wheat Muffins
1 cup whole wheat flour
1 cup all purpose flour
4 tablespoons sugar
3 tablespoons baking powder
2 eggs
1 teaspoon salt
4 tablespoons butter (melted)
1 cup chopped pecans
1 cup milk
Sift the flour, baking powder, sugar and salt. Stir in the whole wheat flour and nuts. Combine the other ingredients. Mix with the first until all is moistened. Bake in greased muffin tins 15 to 18 minutes in a 375° oven.

Hallow'en prankers get fine of washing police squad cars

Four youths, 18 and 19 years old, hauled into court last week for pelting automobiles passing under the Rte. 58 viaduct with tomatoes, were given a sentence of polishing the local squad cars by Des Plaines police. Two of the boys did the job last week, while the other two, attending college, will wash the vehicles Thanksgiving Day when they are home on vacation. Satisfactory jobs in both cases will cancel the fines.

CHEVROLET STILL LOWEST IN PRICE
The new Chevrolet lists at a price Substantially Lower than that of any other car in its field. This saving is Big Enough to pay for many a service check-up on your present car!

OBITUARIES

Alvina Boeger

Services were held at the Karstens funeral home, Arlington Hts., Nov. 9 for Alvina Boeger, Rev. Luther V. Stephan officiating. Interment in Euclid Lawn cemetery.

Alvina Boeger, nee Kruse, was born August 20, 1882, in Schaumburg. She was baptized at St. Peters in 1882 and was confirmed in the Schaumburg Ev. Lutheran church in 1895. Mrs. Boeger was united in marriage to John Boeger in the year 1904 at Schaumburg. This couple made their home in Schaumburg for twelve years and then moved to Wisconsin where Mr. Boeger passed away in September, 1926.

Mrs. Boeger died in Janesville, Wis., November 6 at the age of 64.

She is survived by six sisters, Clara Busche, Schaumburg, Martha Lichthardt, Elgin, Amanda Moehling, Arlington Heights, Bertha Grewe, Des Plaines, Erna Volkening, Ella Thies, one brother, Henry Kruse, Elgin; five brothers-in-law and two sisters-in-law. One sister, Emilie Hein, preceded her in death in 1926.

Henry McElhose

Funeral services for Henry McElhose, who was born in Arlington Heights 80 years ago, will be held at the Karstens-Fairbanks funeral home Thursday afternoon at 2:00 o'clock, Rev. Milo J. Vondracek officiating. Interment will be in Arlington Heights cemetery.

Mr. McElhose passed away Sunday in Lakeland, Florida, which had been his home ten years. He was born in Arlington Heights July 20, 1866, where he spent his boyhood and married Minnie Bliemehl. Shortly afterwards he took up art metal construction and moved to Iliou, N. Y., where he was foreman of the Remington-Rand Library Bureau department at Iliou, N. Y., at the time of his retirement in 1927. His wife died that same year.

Mr. McElhose returned to Arlington for a short time, then to New York, marrying Beulah Garritt. They took up their permanent home in Lakeland, Florida, in 1936.

He studied and practiced in the field of entomology, in which he had been interested since boyhood.

Besides his wife he is survived by a son, Irving, of Schenectady, N. Y., and the following brothers and sister, Charles, Edward, Laura, Arthur and James, all of Arlington Heights; three grandchildren, Martha Parks of Cleveland, Ohio, Jean and Mary Lou McElhose of Schenectady, N. Y., a stepdaughter, of Philadelphia, Penn., and a great grandchild, Robert Parks, Cleveland, Ohio.

Edwin J. Winkelmann

Funeral services were held for Edwin J. Winkelmann, 219 S. Evergreen, Arlington Heights, Tuesday afternoon at 2:30 from the Arlington Heights-Lauterburg and Oehler funeral chapel, Rev. W. F. Kamphenkel officiated and burial was in Euclid Lawn cemetery.

Mr. Winkelmann was born in Arlington Heights July 8, 1904. He was baptized, confirmed and educated in the St. Peter Lutheran church and school. He had been employed with the Arlington Seating company for the past eight years. Mr. Winkelmann died November 9 after being ill for six weeks.

He is survived by his parents, Mr. and Mrs. Henry Winkelmann, one brother, George of Arlington Heights, and seven sisters, Emma Winkelmann, Mrs. Ralph Scharringhausen and Mrs. Edwin Hahnfeld of Arlington Heights, Mrs. Clara Michel of River Grove, Mrs. Rudolph Ewig of Franklin Park, Mrs. Lydia Sponholz of Chicago, and Mrs. Albert De Pue of Palatine.

August Teegen

Funeral services were conducted at St. Matthews Lutheran Church in East Maine Friday, Nov. 8, at 2 p. m. for August Teegen, late of 1210 White st., Des Plaines. Mr. Teegen passed away of a heart attack shortly after 2 a. m. Nov. 6, while sleeping. The end came suddenly and entirely unexpected for he had been driving his car and around town as usual the day before. He was 78 years old.

August Teegen was born in Germany September 12, 1868, and when 27 years of age came to America. He was married to Anna Wetterman Nov. 7, 1893, and for many years the family resided on a farm on Golf rd. Two sons, John and Rudolph were born to this union.

Retiring from active farming in 1925 Mr. and Mrs. Teegen moved to their home on White st., Des Plaines. Rev. Julius Toepel officiated at the services held Friday, Nov. 8, speaking words of comfort to the bereaved. Mrs. Lillian Hagemann sang "Wo Findet Die Seele". Pall bearers were Hans Pochs, Max Gaisch, Sr., Henry Ahrenfeld, William Moeller, Fred Finnern and Ed Altenburg. Burial was in Town of Maine cemetery.

Mr. Teegen is survived by his wife, Anna; two sons, John of Des Plaines and Rudolph of Glenview; two daughters-in-law, nine grandchildren; one sister in California; one sister and two brothers in Germany, and other relatives.

Special war pictures at historical society

A vivid and terrible panorama of the war in the Pacific is presented in an exhibit opened this week at the Chicago Historical Society. The exhibit consists of ninety-one large photographs by Navy, Marine, and Coast Guard combat photographers, and covers the course of events from the attack on Pearl Harbor to the American occupation of Tokyo.

The exhibit pictures every phase of the Pacific conflict—decisive events such as the attack on Pearl Harbor and D-day at Iwo Jima; together with scenes re-enacted thousands of times—Marines sweeping thru surf in an island landing, tense aircrews in a carrier's ready room preparing for a strike, anti-aircraft gunners slumped in death beside their guns, wounded sailors being evacuated, Allied prisoners being liberated.

One photograph in the exhibit cost the life of the photographer, who was killed by the explosion his camera shutter caught.

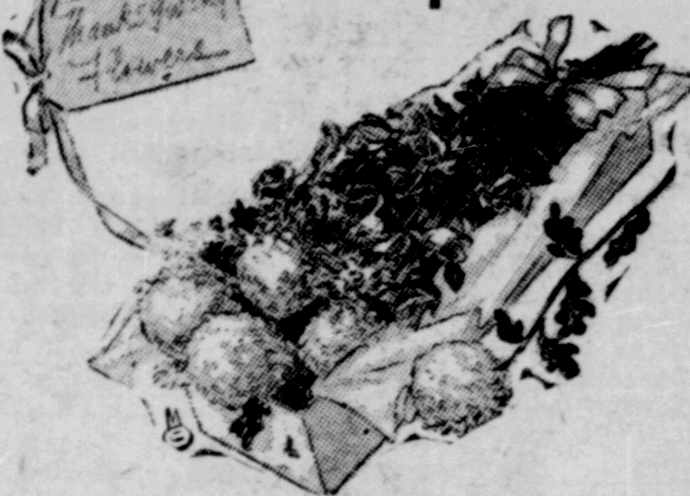

The exhibit will remain at the Chicago Historical Society until January 1.

The Chicago Historical Society is open on weekdays from 9:30 until 4:30 and on Sundays from 12:30 until 5:30. Admission is free except on Sundays when there is a twenty-five cent charge for adults plus five cents tax.

The Army Ground Forces offers you A NEW LIFE OUT THERE

Look toward Korea and Japan! A thrilling new job and a new life—with interesting work, sports, entertainment and travel opportunities—can be had for the asking by qualified young men who volunteer for the 1st Cavalry, 11th Airborne, 6th, 7th, 24th or 25th Infantry Divisions.

What an opportunity . . . what a job! Training in one of these crack units will stand you in good stead wherever you go. Study a foreign language. Learn the fascinating details of Military Government—so vital to future peace and prosperity. Japan's "Isles of Pines" are but a sample of the attractions of an Army career in the Far East. The Army has reopened comfortable hotels, theaters, swimming pools, tennis clubs, golf courses, ball parks. These—familiar haunts of pre-war tourists—and many new developments—provide a broad choice of recreation.

Not everyone can measure up to this job. Only 3-year enlistees who meet prescribed physical and mental standards can enjoy the benefits of such a job. High overseas pay, good food and lodging and a generous retirement plan make your future in the Army Ground Forces too good to miss! See your nearest Army Recruiting Officer for full details.

Listen to: "Sound Off," "Warriors of Peace," "Voice of the Army," "Proudly We Hall," and Major Football Broadcasts on your radio.

Lake Michigan, too

Moon and winds cause tides in oceans and lakes

Like the ocean, Lake Michigan has tides. Fortunately the maximum variation is only about two inches. If the variation was 10 or 12 feet as it is at most places along the Maine coast, Chicago would be a different city. However, the lake level also varies a few feet when the water, driven by strong winds, pulls away from one shore and piles up against the other.

Lunar tides are a curious phenomenon. In general, the ebb and flow are synchronized with the rising and the setting of the moon, so that a high tide occurs twice every 24 hours and 51 minutes. The moon exerts a strong pull upon the waters that cover most of the earth's surface. Its path around the earth being an ellipse, rather than a circle, produces a monthly variation in the tides. Because that path is not in the same direction as the earth's path around the sun, there is also a daily variation in the tides.

Twice a month, when the moon is "full" and when it is "dark", the sun and moon are in line with the earth and the pull of both acting together produces higher tides known as "spring" tides. "Neap" tides — extreme low tides — occur during the first and third quarters of the moon. Using mathematical formulae, the exact times at which the high and low tides will occur each day at any given location can be predicted. The federal government publishes tide tables for all the principal points on our coast lines and for important seaports all over the world.

The amount of rise and fall per day varies with the location, depending upon the contour of the coast line, the depth of the water offshore and other factors. The funnel-shaped Bay of Fundy, in Nova Scotia, produces an average tide range of nearly 40 feet, and its "spring" tides occasionally reach 70 feet, the height of a 7-story building. At Galveston, Texas, on the other hand, there is only one high tide and one low tide per day, and the variation is only about 6 inches. Apparently one incoming tide from the Atlantic Ocean is so much delayed that it meets the outgoing tide and they tend to cancel each other.

The greatest tides occur during an eclipse. Syzygy, that is,

Recent decline in jobless benefits held thru October

For the second successive week, and for the third time since January 1, 1946, jobless payments to unemployed workers dropped below the \$1 million mark in the week ended October 26, State Director of Labor Robert L. Gordon reported today. Beneficiaries under the Illinois Unemployment Compensation law were fewer by several hundreds since the preceding week and more than 4,000 under the figure for the week of September 28.

To qualify for unemployment compensation under Illinois law a worker must be unemployed and have wage credits of at least \$225 earned at insured work in 1945. He must be registered for work with United States Employment Service, be able to work full time at regular employment and be available to accept an offer of suitable work.

CHAPLAIN SERVICE

During 1946 United States Navy chaplains conducted 407,577 divine services which were attended by 32,603,664 persons, performed 12,561 marriage ceremonies, 14,951 funerals and 15,088 baptisms, accepted 13,819 men and women into the church and visited 5,311,408 persons in hospitals, sickbays and brig.

★ Fashions ★

Understatement in colors is stressed in the latest-colored wool dress shown above as pictured in the October issue of Good House-keeping magazine.

Alaska

Winter has finally arrived at the Headquarters of the Army Ground Forces Arctic Winter testing unit, Task Force "Frigid". While it is a scientific fact that winter does not officially arrive in Alaska until December 21st, members of the task force, including Pfc. Wallace Busse, R. 2, Box 621, Des Plaines, are convinced that it is already here.

With the fall of the first snow and the accompanying directive concerning the wearing of Shu-pacs, the task force personnel prepared to settle down to work and take whatever "old man winter" has to offer this year in the Fairbanks area.

Testing personnel are preparing to take the various types of Army Ground Forces rolling stock and equipment into the field and subject them to the wiles of the Arctic winter.

Located less than one hundred miles from the Arctic Circle, Ladd Field, near Fairbanks, Alaska, can expect temperatures which may plunge to minus 66 degrees, and snow that may exceed 60 inches during the winter months.

Since its arrival at Ladd Field, the task force, which was organized and trained for its Arctic venture in the milder temperatures of Fort Ord, Calif., has been awaiting the "cold shoulder" to signal the commencement of its job as the largest of the Army Ground Forces' winter testing units. Other winter tests are being conducted by task forces Williwaw at Adak, and Frost at Camp McCoy, Wis.

Preparations are being made, and the tests will begin to get underway on November 1st.

Discharged

Now awaiting discharge from the army is Alfred Kehe of Palatine. He is now on terminal leave. Al reports he enjoyed the Enterprise while in service, and wishes to publicly express his thanks to the Legion Auxiliary for their part in sending it to him.

Washington

Now home on 20 days leave is Pvt. Ray Krause of Keeneyville. He will report to Seattle, Washington, November 20 for shipment overseas.

Florida

Changing his address in Florida is Gordon Frank of Bensenville. His address is 51c Gordon Frank, Welfare - Box 28, NAS Banana River, Florida.

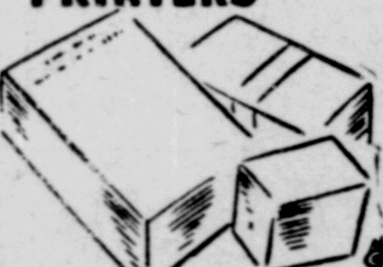

Georgia

Moving from Maryland to Georgia is Milton Hapke of Palatine. His address is Pvt. Milton G. Hapke, Co C ABSR-TABS, Ft. Benning, Ga.

Right Soil

Soils rich in all the nutrients, including nitrogen, do not necessarily give high yields unless they are also put into the right physical condition. Plants need loose soil with good moisture - holding capacity. They need air in the soil in order to absorb nutrients and grow a good root system. A skillful farmer prepares this kind of soil by adding enough organic matter to it, by turning under all crop residues and by growing legumes as green manure crops. Both the physical and the chemical, or nutrient, condition of the soil must be favorable if higher yields are to be obtained.

Civil service examinations

Veterans seeking Federal Employment as Guards can now apply for this position at the U. S. Naval Training Center, Great Lakes. Although veterans will be given preference in appointment, non-veterans may also file application and receive appointment in the event there is an insufficient number of eligible veterans.

These appointments will be probational, becoming permanent after a year's satisfactory service. The basic pay is \$2020 a year with time and a half for overtime.

Additional information and application forms may be obtained from the Recorder at the Center, from the regional director of the Seventh U. S. Civil Service Region, New Post Office Building, Chicago or from any first or second class post office.

All applications must be filed with the recorder at Great Lakes not later than November 19, 1946.

Gems of thought

A STANDARD

Be just and fear not: let all the ends thou aimest at, be thy country's, thy God's, and truth's. —Shakespeare.

Where'er our country calls, friends, sons, and sires should yield their treasure up, nor own a sense beyond the public safety. —Brooke.

All men are endowed by their Creator with inalienable rights; among these are life, liberty, and the pursuit of happiness. —Jefferson.

It will never do to be behind the times in things most essential, which proceed from the standard of right that regulates human destiny. —Mary Baker Eddy.

Humanity is a duty made known and enjoined by revelation, and ever keeping pace with the progress of Christianity. —Sydney Smith.

Palatine farms change hands

Judging from the business-like manner in which Henry Schrage, Palatine, has entered the real estate business, farm sales will no longer be few and far between in this community. Last week, Tuesday, he sold the Fred W. Porcup farm of 60 acres and this week, Tuesday, he came back with another, and sold the Wm. V. Harz farm and Henry says that there are others in sight. Palatine farms are full as valuable as those in neighboring townships, but the heretofore inactivity of sales has acted to the detriment of land values.

Program at West Northfield church

There was quite a crowd of people out to the entertainment at the West Northfield Union church. Lester Fuelle of Des Plaines gave a violin solo, his sister, Florence, accompanying him. Misses Lucille and Muriel Allison played two piano duets and Miss Vera Richards of Glenview a piano solo. Several readings were given by Miss Lulu Melzer of Glenview, Miss Clara Anderson of Chicago and Muriel Allison. A number of solos were sung by Mrs. Eash, Mrs. Ransom Kennicott, Miss Hegsted and Miss Althouse of Des Plaines.

PATRONIZE HOME TRADE The Utility Battery Co., Inc.

invites your inspection of its manufacturing plant where they make Storage Batteries of all descriptions Why go to the City when you can buy new batteries of superior quality and have your old batteries recharged and repaired here?

Many of our readers have known of the work being done in the southeast part of Wheeling township by Pearsons and Congdon and some have questioned whether the cost of same would not be more than the additional value of the land. They bought the land at \$70, \$85, \$100, \$125 per acre in several pieces.

Over 600 carloads of tile have been laid in the most thorough and scientific manner and much of the land has been plowed with tractor and deep tiling machine 12 to 14 inches deep. The result is that sour wet land has been converted into productive gardens on which all crops have been grown to satisfactory result. Potatoes have yielded 240 bushels per acre and Mr. Congdon's spring wheat graded as No. 1 Northern—the highest grade in the United States.

Garden truck marketed in Chicago has attracted such attention that experienced garden-farmers have bought as follows: 10 acres at \$300 without buildings, two 15 acre lots at \$350 without buildings, three 20 acre lots at \$350 without buildings. The paving of Rand, Ballard and River Roads will be completed in 1917 and Milwaukee ave. will very soon be completed from Wheeling to the city. Motor trucks will carry tons per load to West Randolph and South Water St. markets in two hours.

Would it not be well for all of us who are fortunate enough to live or own property in this part of Cook County to carefully consider these facts and see if anyone can give any reasonable opinion of what prices will be for garden land when properly drained and cultivated and all our roads paved so trucks can run every week in the year? Can we afford to raise our crops and run dairy farms when truck gardening will bring in so much more income?

First cold snap causes two fires

Tuesday about 8:20 a. m. a fire started in the Henry Miller barber shop, Arlington Heights. Henry was thawing out the water pipes which run through the wall with a torch. Fire worked into the wall and went to the roof. Quick action on the part of the fire department prevented much damage.

Wednesday about 9 o'clock a. m. another alarm was turned in. The fire this time was in the upper flat of the old brick Blum house owned by Tom Dattalo and occupied by F. Klaus who was thawing out frozen pipes. The fire was not noticed until it had a good start which caused considerable damage, especially to the roof.

Schaumburg firemen elect officers

The Schaumburg fire department meeting Friday evening was well attended. Officers elected were H. E. Quindel, pres., John Fenz, sec., H. W. Fenz, treas. A special volunteer department will be organized in the near future.

Tales of the STREET

BY T. C. HART

SURVEYS—NUTS!

Once more the railroad has sent out its representatives and is going to make another "survey" of conditions at Palatine crossings.

This latest "survey" is being made as a result of a vigorous demand by the Palatine village board that flagmen be placed at local crossings.

All the railroad has been doing for the last couple of years it seems is making surveys—nuts!—it's time for action before more of Palatine citizens are killed at the "Town of Death" crossings.

THE ELECTION—

The big election is over and the American people have done a whole lot more than just elect a bunch of Republican candidates to office.

They have definitely expressed their opinion of planned economy, food scarcity and the regimentation of their every day life.

Back in 1932, fourteen long years ago, they expressed their desire for a change—they got it.

For fourteen years they have had the New Deal with all its wild-eyed radical crack pot innovations of telling everyone what to do, and how to do it, of telling the farmers what to raise and how much of it, of telling people what to eat, what to wear, and what to do.

The people got tired and they have once more decided to change.

They have scrapped the New Deal, retired the most enthusiastic and loudest advocates to private life and have given orders to the government, Democrats and Republicans alike, to get America back to the American way of doing things.

That order is definite and final, and we believe that the office holders of both parties will be big enough and men enough to heed that mandate from the American people and do their damndest to carry out the people's wishes as expressed at the polls November 5th.

WHY DO THEY HOWL

Just what makes a dog howl when bells ring or a train whistles?

We've often wondered about that. Not all dogs are given to that habit but a lot of them are and they never fail to let you know when the church bells ring or a train lets out a blast from its whistle.

One dog authority says that dogs howl because they are lonesome, especially young pups and that if you set an old fashioned alarm clock, one of those loud ticking things, down near the pup, he will stop howling.

The idea, says this expert, is that the sound of the clock ticking gives the pup a feeling that he isn't all by himself and he'd stop his howling.

Well we could name some pups that we wish some one would make a present of one of those alarm clocks.

HUNTING SEASON

The hunting season is on and the boys are hot after the pheasants these days.

Just how good the bag of birds is going to be is problematical. From reports we have received there was a lot of hunting going on before the season opened.

With the meat shortage what it was up to a few weeks ago, the pheasant crop was made to suffer by illegal pot shooting, so just how many of the birds are left for the legal hunters remains to be seen.

INDIAN SUMMER

We've had a lot of those drab November days the last couple of weeks and should be due for some of those hazy Indian summer days now when the webs are floating in the air and summer plays its last lazy farewell stand for a few days.

Election day was a fine Indian summer day and results no doubt make some people think that there really was an Indian uprising that took the scalps of a lot of un-American ideas and theories that the Indians didn't like.

PAYS OFF

We came into the office the other day and on our desk, was a good cigar and the note "Martin Schreiber pays his debt".

Yes, Martin and I had an election bet. He couldn't see how Mrs. Douglas could be beaten for Congress and we couldn't see how she could win.

"All the women's organizations are for her," said Martin. "Up at Barrington they've got a branch of that Women's Voters League and all you hear is Mrs. Douglas, especially out in the Barrington Hills section."

Well, we made the bet. Martin says, "I hope you win, but I don't see how you can." But the result is history. Martin paid his debt and we smoked a good cigar.

MORE HARVEST

We thought we'd had our last tomatoes for the season but Sunday afternoon we were prowling around the garden and there under some frozen vines and drifted leaves we found some fine tomatoes.

The flavor was exceptionally good for so late in the season and we picked enough to last for about a week, which brings our tomato season up to four months of fresh fruits, having had the first ones on July 16. And that late lettuce is ready to eat so lettuce and tomato salad is fresh out of the garden around the middle of November isn't so bad.

Now the garden can go to sleep for the winter.

Lifting Baked Fish

A whole baked fish can be lifted out of the baking pan with ease if the following procedure is followed: Use spatulas with wide blades or pancake turners. Two people with two turners each can easily remove a large fish to a serving platter.

READING & WRITING

BY Edwin Seaver and Robin McKown

When General Stilwell was relieved of his command in China, it was a mark of greater glory than any he won on the field of battle, according to Theodore H. White and Annalee Jacoby, authors of "Thunder Out of China."

"The forces of change are working more critically and more explosively in China than anywhere else on the entire continent. The peace of Asia and our own future security depend on our understanding how powerful these forces are, what creates them, and what holds them back. Except for General Stilwell, no Allied military commander seems to have understood that this was the fundamental problem of the war in the Orient. Stilwell had no ideology—but he understood that in fighting the war we were outlining the peace at the same time. He understood that both victory and peace rested on the measure with which the strength of the people could be freed from feudal restraints."

The authors of "Thunder Out of China" state that Chinese leader Chiang Kai-shek "misunderstood the war as badly as the Japanese or the Allied technicians of victory. . . . When Chiang tried to fight the Japanese and preserve the old fabric at the same time, he was not only unable to defeat the Japanese but powerless to preserve his own authority. . . . When the might of American technique moved to support Chiang in the final year of the war, not even America could recapture for him the power that had been his in the first glorious year of the war of national resistance."

White and Jacoby are equally critical of former U. S. Ambassador Patrick J. Hurley for thinking he could solve China's political crisis by "shrewd bargaining." It didn't work. Incidentally, the authors give some amusing sidelights on Hurley in China. The Communists called him "little whiskers," while his friends in the Kuomintang called him "the second wind."

"Thunder Out of China" is by far the best "inside China" book to date. It's the Book-of-the-Month Club selection for November.

Asserts trainman on job could have saved foot last week of Palatine resident

GIRL SCOUTS

The Girl Scout Council of Mt. Prospect wishes to express their appreciation of the cooperation you have given us in providing such splendid publicity, in the last weeks, on our Fund Drive.

It has helped us immeasurably and we think it has been a real service to the community. More power to such a newspaper as yours which really has the good of the community in mind, and helps in the action required to put good things across.

Mrs. Fred Tice, President of Council, Mt. Prospect.

It happened here

November

November is a bronze chrysanthemum, Its petals are an earth-stained copper kettle Holding dregs of wild grape must; November is a goddess in a russet gown, A willow basket in her arms—Russet pears and apples and the waxy crabs Add but to her charms; November is a tapestry of lords and ladies fair, Tapestry as old as Greece or Troy. Faded and tattered, its colors glowing still, Colors of past glory and of joy; November is a topaz lost in the hollow wood; The stagnant pool, the dripping leaves Whisper that no beauty's ever lost. But still some dryad grieves. —SAMUSER

WOOD DALE VOTE

Congratulations to the few citizens of Wood Dale who tried to vote out the totalitarian commission form of village government. Subversive activities always start among the low income groups and those of limited mental capacity and education.

I pray that the above citizens try to enlighten those gullible individuals by street discussion groups. The various local social groups could do much by political study sessions based strictly on legal information from authorized sources, not politicians.

If these people are not capable of simple local self-government, how are they to maintain our county, state and federal self-governments by the people?

Mrs. A. F. Witzel, R 1, Elmhurst, Ill.

EAVESDROPS

Could you inform me who writes the "Eavesdrops" column in the DuPage County Register? I am a former student of Bensenville High School and a regular reader of that column and consider it one of the best features in the Register, and I would be very interested in knowing its author. If it is possible to relate the name of the writer I would be very grateful.

Pauline Kolze, Blackburn College.

Ed: Eavesdrops in the Register is written behind an "Iron Curtain", and identity remains unknown, even to the editor.

Wedding Ring Ban Failed At one time the Puritans attempted to abolish the use of a ring at wedding ceremonies, contending that it was of heathenish origin.

TRAINMEN

Modern trainmen are a far cry from the "old days" when each conductor willingly hopped off the train, helping the passengers get off and on.

Instead of that they stand up on the platform and let old ladies and others burdened with grips and bundles, take care of themselves in getting off the train.

Then when everyone is off they pop their head out and give the engineer the go-ahead signal. They used to get off, help folks off the train, then give the high sign for moving.

We've been noticing this new system for quite some time, and had come to the conclusion it was some sort of new regulation.

The other day we heard an eye witness to the accident where a Palatine man had his foot cut off assert that if the trainman had been where he'd ought to have been, the accident couldn't have happened.

He said the trainman was not in sight, and that if he had been there he either could have helped him on, or waved him back from attempting to hitch a moving train.

Is this lack of a trainman on the job a new regulation? Or is it just carelessness like trains passing in the station, trains roaring through at high speeds, and no one flagging when trains are switching with the bells ringing for long periods at a time?

Town Observer, Palatine.

JUST AROUND the CORNER

Dear Jane: "After the lavish summer and the riot and color of fall, As Autumn fades into winter, comes the month that is best of all. Not for the all-day twilight low on the distant hills, Nor for the cosmic languor of landscape, river and rills. Not for the first fair snowflakes, nor the tang nor the autumn zest, Nor the crown of the month, Thanksgiving, do I love November best, But because I can call her mother, for first in the fleecy gray Of the months that ends the autumn, I looked on the light of day."

And if anyone had ever told me I'd gather pansies from my own garden on my birthday, I would never have believed him. That is, in the days before coming to the farm. Now I would not be surprised at anything.

Every day brings some new interest—some new-found "thing" to hold me contented here in this small place.

My birthday anniversary was especially gratifying this year. When I glanced up at the old clock in the kitchen, and discovered it was time to fetch the boys from school, I asked Rob where he thought the day had gone. It didn't seem as if we had accomplished much, but, thinking back now, I believe we did.

In the early morning we drove to the hamlet of Alden to vote. I remarked to Rob, as we walked to cast our votes in what had once been a one-room school

house: "Isn't this a good omen?" "What?" he asked, puzzled. "Oh, that bell ringing for the opening of school across the road. And that American flag waving so beautifully. And you and I enjoying the privilege of voting the way we want on this lovely November morning."

After voting, we went a few steps and entered the blacksmith shop of our friend, Bill Goelzer. Bill's a remarkable man. He's really a smithy by trade, as was his father before him, but he's also a collector of early Americana.

This day he was in his working clothes, but he informed us, he didn't intend to work at the forge because it was a holiday as far as he was concerned. Rob said it was for him, too, and that he and I intended to play "hokey" from law work and housework.

Somewhat, Rob managed to tell Bill when I was out of hearing, that it was my natal day, and did he (Bill) have by any chance, a nice piece of copper that he could be induced to sell? You see, Bill buys antiques at the farm sales, brings them back to his shop, and hangs them from the ceiling, there to remain for anyone to see, but he rarely sells them. Dealers have told me that they long ago gave up trying to induce Bill to part from his collection. I think he has a strong antipathy towards antique dealers. He says few of them have any real love for hand-made tools and utensils—they are mostly interested in the re-sale value. Bill surrounds himself with these things because of his admiration for the American stock of people from which they have come.

Bill, himself, is a master craftsman at the forge. He makes very fine things from metal. He likes to work in iron, particularly. He has made some of the most artistic hinges and locks I have ever seen anywhere. He likes to use his own designs. And this creativeness in him is almost never dreamed of when you see him for the first time. He's over six feet tall, big and heavy. He has a bald top, and he chews and spits tobacco constantly! When he's dressed up, he wears a light-colored Stetson hat, well tailored suit, handsome shirt and tie, and a Masonic diamond pin in his coat lapel. All of us love Bill. He made some fireside irons for us last year that are the envy of our friends. When we get the new doors for the barn, we hope he will take time to make the hinges. I would enjoy looking at them every time I go to the barn.

Well, as it turned out, Bill did have two pieces in the back of his car, and they immediately changed owners when I got my eyes on them. One is a large copper kettle, the other a copper and brass three-legged pot.

Both of them usable and very lovely. Rob presented them to me as a birthday gift, and we went home singing!

When we reached the farm, we decided to pick apples. We munched them as we picked, and I thought I had never tasted a juicier or tarter apple. I told Rob they tasted just like the kind I remember we used to buy covered with crunchy taffy—not caramel—when we were children. We carried some over to the fence to the pines and Bonnie, Jack's horse, and they accepted our offering with gusto.

Rob dug potatoes and I followed after him to fill the bushel baskets, but there remain more to be taken out before the heavy frost. "Want these earth-worms for your rock garden?" Rob asked. And because I haven't yet learned to love the crawly worm, though I recognize its worth, I declined his offer of another present!

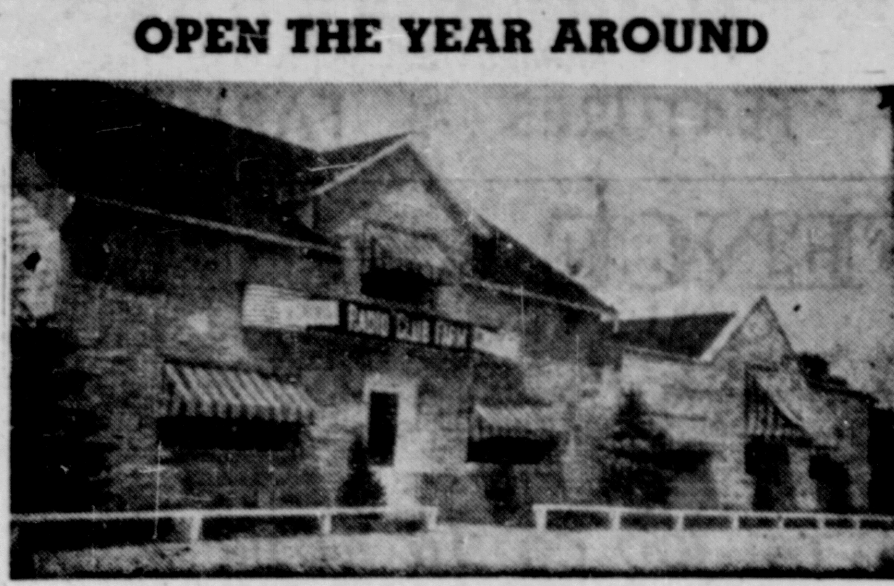

Ever so often, I noticed we stopped out work to gaze at the panorama before us. There's always something to do, and something new to be seen and understood in the country. The scene is constantly changing and ever intriguing.

Sometimes I think I must be acquiring a new set of eyes. And what I see is exceedingly good.

With love, Mary.

In the future

THINGS TO COME—A miniature radio receiver kit for teen-agers. It has one tube and comes with building and operating instructions as well as diagrams. . . . Lifetime paint is now being perfected. It is said to hold brighter and clearer colors as well as luster preserving qualities. . . . Home laundries may now be hired. A California has established a business which brings the washing machine to the home on a rental basis. . . . A high speed electronic counting machine which measures split-seconds intervals. It was used during the war to measure the speed of projectiles. . . . A new meter which measures the efficiency of automobile brakes. Actually it measures the force which throws a driver forward when a car suddenly stops. . . . A new device for washing walls which eliminates dripping and streaking. It washes, rinses and dries. . . . An aid for painters. It is a brush cleaner which is said to work equally efficiently on hardened paint, lacquer, shellac, varnish or enamel.

56% double up

Few veterans in position to buy a home, report shows

"Almost all World War II veterans are unable to finance homes of their own and in addition must be offered low rental units for themselves and families." This is the conclusion drawn by Henry L. Warner, national and state housing chairman of the Veterans of Foreign Wars after sampling approximately 500 replies, the first to come in, to a questionnaire sent out to Illinois members of the order regarding their housing needs and ability to pay.

Warner said that a nationwide survey is also being conducted through the Washington office of the V.F.W., so that the order may recommend to the National Housing Authority or to other governmental agencies just exactly what veterans of World War II want and need. "The first returns in Illinois show that about 96% of these young veterans have to rent, with only 4% saying they are in a position to buy or build a house," he said. "56.2% of veterans are doubled up with two or more families living together, and of this group, 17.3% say they are living in one room, 19.3% in two rooms, and 7% have received eviction notices," Warner added.

"The survey shows that 38.2% feel they cannot pay more than \$40.00 a month rent, while 42.4% indicate they could go as high as \$50.00. Only 16.8% are able to pay up to \$60.00 rent and the balance of 2.6% could afford more than \$60.00 a month." "Therefore, it seems to me that the National Housing Authority's emphasis upon building single unit homes for sale to veterans is greatly over-stressed and that the housing authorities should be busy constructing low rental apartment houses to take care of these distressed young veterans, their wives and usually one to three children."

Public Service still unable to resume merchandising

Because of the continued shortage of household appliances, retail stores of the Public Service Company of Northern Illinois will not resume merchandising on November 15 as previously contemplated, E. D. Sheehan, northern division vice-president, announced today. The postponement was decided upon, he said, to help dealers meet present demands.

The company had planned to start taking orders for most types of appliances on November 15, by which time increased production schedules were expected to make available sufficient merchandise for distribution by both the dealers and the utility. But due to various production "bottlenecks," Sheehan said, output has actually slackened and present indications are that appliances may not be on the market in substantial quantities before the early part of 1947.

Meanwhile, the company will continue its policy of allotting its limited quota of appliances from the manufacturers to the various dealers in the communities where the company provides electric or gas services.

State funds down

A summary of transactions as reported by Conrad F. Becker, State Treasurer, during the month of October, 1946, indicates a decrease of \$10,280,429.80 in State funds. For the second consecutive month General Revenue, Regular and Trust Funds all show a reduction over the previous month's balances. The decrease in General Revenue amounts to \$4,766,672.71. Regular Funds decreased \$8,816,196.88 and Trust Funds, \$1,464,232.92. Retailers' Occupational Tax collections for the month reached an all time high in State Finance. \$13,033,794.88 was paid into the Treasury during October.

NAVY HORSEPOWER

The United States Navy added 70,000,000 horsepower to its fleet during World War II, equal to the total horsepower of the entire United States light and power industry.

DO YOU KNOW—

That more than 3,500 tons of hair has been cut from the heads of American women during the war era, it is estimated. There are 14,000,000 bobbed heads in the United States and about half this number spend \$15,000,000 a year for waves.

School Institute November 22nd

While school children of suburban Cook county will accept with great enthusiasm a one-day holiday late this month, county school teachers are scheduled to assemble in a school health institute to discuss methods of improving the health of the students.

The institute was called by County Superintendent of Schools Noble J. Puffer at the request of Dr. Edward A. Piszczek, county health director.

The institute will be held three days, one in each section of the county. The north section will be held November 22 in the Haven School, Evanston. This will be the first health conference between county health officials and teachers to be held in Cook county, said Dr. Piszczek.

The teachers will be addressed by Dr. Dean F. Smiley, of the bureau of health education, American Medical Association; Prof. Arthur J. Steinhaus, George W. Williams college; W. Lauritsen, Ph. D., University of Chicago Laboratory Schools; Virgil Herrick, Ph. D., department of education, University of Chicago; and Prof. Leon G. Kranz, head of the Department of physical education, Northwestern University.

Dr. Smiley will discuss the importance of instructing school teachers in methods of discovering health defects among school children. Many of the men who were rejected by the draft during the war might have passed Army health standards, had the defects been discovered while they were in school, Dr. Smiley pointed out.

"The purpose of my talk to the teachers," said Dr. Smiley, "will be to emphasize the importance of health in the schools, in order to answer criticism of the schools and the medical profession."

Dr. Smiley declared that there is evidence that much can be done for children in a school health program. "Schools must call the attention of health defects of children to their parents," he said. "We don't view the situation with alarm, but we don't view it with complacency. We have a long way to go, however, to correct all health defects."

Dr. Piszczek declared that the teachers will be told to call upon county health authorities freely to assist in planning health education in the schools. "Health education material is always available to all schools through the Department of Public Health," said Dr. Piszczek.

JAP SHIPS

Of the 1,725,000 tons of major warships lost by the Japanese in the last war, American carrier-based aircraft accounted for most with 680,000 tons sunk. Submarines destroyed 507,000 tons and surface ships 257,000 tons. Land-based aircraft accounted for 62,500 tons.

FEWER DEATHS

Less than three out of every hundred Navy and Marine wounded died in World War II, as compared with more than eleven out of a hundred in World War I. Death from disease was less than one tenth

that of World War I, despite the fact that fighting in the recent war took place in far more unhealthy regions.

YOUR DENTAL I. Q.
© American Dental Association

Q. I understand there is a new dental plate material used which is more natural looking than the material formerly used; also that a new and better technique is being used in construction of plates. What is the material used to help hold dental plates in place?—T. J. M.

A. A number of new plastic materials are being used for denture construction, most of which come under the heading of acrylic resins. They have replaced to a large extent the old vulcanite rubber denture material. To our knowledge, there is no radically new technique in the construction of dentures, although, of course, there have been many refinements in procedure in recent years. There are several products on the market which aid in the retention of loose-fitting dentures, all of these materials being compounded of finely powdered vegetable gums, such as acacia, tragacanth and karaya. Occasionally, it may be desirable to use a cohesive denture powder as a temporary measure, but its continual use over a period of time is to be discouraged.

Proper diet can do much toward assuring health, even before the first teeth are in. After the baby teeth are in and the child can chew properly, his teeth and gums should be exercised. After about the twelfth month, he should be permitted to eat some coarse food every day to stimulate his gums and the muscles used in chewing. Thus the jaws will be given encouragement to develop properly.

Send questions with self-addressed, stamped envelope, to American Dental Association, 212 East Superior Street, Chicago, Ill.

Social security lump sum as a burial fund

The 1946 amendments of the Social Security Act, which will go into effect January 1, 1947, make several changes insofar as lump sum payments are concerned.

The first change is that the lump sum will be paid to the widow or widower of the deceased insured worker only if such spouse was living with such deceased worker at the time of the latter's death. This will prevent the payment of a lump sum to an estranged or deserting spouse while those who have assumed the cost of the last illness and burial receive nothing.

The amendment further provides that if there is no spouse living with the deceased individual at the time of the death, the lump sum shall be paid to the person or persons equitably entitled thereto in the proportion and to the extent that he or they shall have paid the burial expenses. This eliminates children and parents as beneficiaries of lump sum payments, except where such person may be equitably entitled because of having borne the burial expenses. This prevents lump sum from becoming a windfall to persons who may have suffered no economic loss by reason of the wage earner's death.

The Social Security Administration field office serving northwest Cook County is located in the Viceroy Building, 1045 Lawrence Ave., Chicago. The field office serving northern Du Page County is in the Post Office Building, 901 Lake Street, Oak Park. Applicants and inquiries for information in connection with Old-Age and Survivors Insurance should get in touch with a field office, preferably in person and with the field office serving their respective localities. The offices are open 8:30 a.m. to 5:00 p.m. Monday through Friday.

To pick 'Sweetheart of the Marines'

Attractive young women, from 18 to 30 years old are invited to enter the Sweetheart of the Marine contest which is being conducted by the Marine Corps League, as a feature of its "Salute to the Marines", a giant stage show which will take place in the Chicago Stadium the night of Nov. 26th.

A committee of judges, including portrait photographers and artists, will select the winner at a preliminary contest and on the night of the "Salute to the Marines" show she will be formally crowned, with the runners-up in the contest serving as her attendants. A \$100 denomination U. S. savings bond as well as a wardrobe of lovely clothing will be presented to the winner.

Proceeds of the Salute to the Marines show which will feature stars of stage, screen and radio will go to the Marine Corps League's rehabilitation fund which provides a helping hand for Marines on active duty and for those returned to civilian life who need some assistance in re-establishing themselves and caring for their families.

Contestants are asked to send their photograph, with name, age, address and telephone number to Queen Editor, Marine Corps League, 30 North Dearborn St. without delay as entries will close on the night of Nov. 22nd.

Crusty Muffins
If muffins have too heavy a crust, the cause may be from using an over-greased pan, or baking too long, or in too hot an oven.

Barber shop quartet to appear Friday at Catlow theater

An added feature planned for the Catlow theater Friday night between the showings of the feature, "Suspense", is the appearance of the newly formed chapter of the Society for the Preservation of Barber Shop Singing in America. The society is renowned over the country for their concerts and songs, and the local chapter should provide good entertainment for theater fans.

Illinois to observe better hearing week

Illinois is observing Better Hearing Week November 10-16. To call attention to the fact that no Illinois child with impaired hearing need go without the medical and educational assistance which may be required, a group of 118 students in the acoustic department of the Illinois School for the Deaf at Jacksonville, is staging an enthusiastic celebration of Better Hearing Week.

More than 6,000 children have received speech and hearing examinations in clinics conducted by the Division of Services for Crippled Children during the past three years.

At the clinic each child is given an audiometric examination to determine the extent of his hearing loss. He also benefits by a thorough pediatric examination. If a hearing loss is found, recommendation is made for examination and treatment by a qualified ear specialist. Children who suffer from a real impairment of hearing which cannot be alleviated by medical care are asked to attend the hearing-aid clinic.

The possession of a hearing aid, however, is not the final answer to the problem. A follow-up program is needed to acquaint the child with the use of his hearing aid and educate him in understanding the speech which his instrument makes it possible for him to hear. These children should also be taught lip reading because of situations where a hearing aid is not practical. This training can be obtained through instruction by special teachers, by attendance in day school classes in the public schools, or in attendance at summer school centers for intensive tutoring in speech and hearing. When such facilities are not available in the public schools or when a boarding school environment is considered more advantageous to the child, recommendation is made for enrollment in the Illinois School for the Deaf.

Persons interested in getting more complete information concerning the Illinois program may write to the Illinois Division of Services for Crippled Children, 1105 South Sixth, Springfield, Illinois.

Honduran Exports
Before the Second World war, Honduras was one of the largest sources of mahogany used in the United States, imports normally reaching 10 million board feet a year. The United States was the colony's largest market, normally receiving about 600,000 stems of bananas, over 1½ million pounds of chicle, and other products to a total of nearly 2 million dollars a year. The colony also sold several million coconuts annually.

**Growers set agency
gaining support**

"The proposed onion set sales agency being organized by farmers now quite definitely has a good opportunity to succeed," states Farm Adviser C. A. Hughes. "So far south Cook, Indiana and Wisconsin will pledge above 90% of their crop to the agency. About 30% of the sets in north Cook are pledged. We would like to see a showing equal to the other districts as we believe these growers are as cooperative as any."

"One feature of the organization is that dealers—especially on the south end—are cooperating with the growers, to the end

that a hysteria to unload can break the market and cause growers to lose heavily on a costly crop.

"We cannot positively guarantee that the agency being set up will do all we hope it will. We do know, however, that many similar agencies run by farmers have succeeded. All that is asked of growers is that they cooperate if they can see fit to do so at all, give the effort a chance to give growers a chance to bargain collectively, and should we be successful perhaps a better and more permanent association will result for the good of all in the years ahead that do not look too inviting."

Annual session

**Markets, roads, schools
to headline IAA meet**

More than 3,000 farmers, farm advisers, home advisers, Home Bureau women, farm cooperative managers, Rural Youth and farmer delegates from Illinois' 99 county Farm Bureaus will meet at the Hotel Sherman in Chicago, Nov. 13-21 for the 32nd annual meeting of the Illinois Agricultural Association and associated companies.

Speakers at the general sessions will include President Edward A. O'Neal of the American Farm Bureau Federation, President Charles B. Shuman of the Illinois Agricultural Association and Earl C. Smith, former president of the IAA. Speakers at associated company meetings include L. H. Lundahl of Land O' Lakes Creameries, Milo K. Swanton of the Wisconsin Council of Agricultural Cooperatives and Dr. S. Wayne Orton, Director of Education, International Business Machines.

It will be the first time in several years that the Illinois Home Bureau Federation will hold a conference in conjunction with the IAA convention. Home Bureau will open its meeting, Tuesday morning, Nov. 19.

Winners of Rural Youth district Talk Festivals will meet at the convention for the finals starting Tuesday morning. A varied program of entertainment has been planned for the entire Tuesday night session. It will include singing, dancing, musical, tumbling and comedy acts.

Assembling for their second meeting since the end of the war, Illinois farmers are aware that the end of limitless farm markets are in sight. Adjustments, they know, are to be expected in the coming year. At the annual meeting, Farm Bureau leaders will discuss and decide IAA policy for the coming 12 months.

Other questions which are expected to be of unusual interest this year are rural schools, rural roads.

All meetings will be held in the Hotel Sherman except those of Illinois Farm Supply which will be held at the Morrison hotel.

and housing**

Law on the Farm

Mad Dogs. — Annually thousands of dollars worth of livestock are destroyed and human lives endangered by rabid dogs. It is true that lives can be saved by proper treatment, but the hazard and inconvenience to persons bitten and the economic loss frequently resulting when rabid dogs bite valuable animals make the eradication of rabies an important public problem.

The first legislative recognition of rabies came in 1905, when a law was passed by the Illinois legislature providing that a county could send any poor person bitten by a rabid dog to a state institution for treatment. The county bears the cost of transportation; the institution, the cost of treatment, care and housing.

In 1927 a more effective law was passed aimed at the eradication of rabies. It provides that "Whenever a case of rabies has occurred in a locality the Department of Agriculture shall have power, and it shall be its duty, to prevent the spread of rabies among dogs and other animals. The Department of Agriculture shall have power to order that all dogs in the locality be:

"1. Kept confined within an enclosure from which escape is impossible or

"2. Kept muzzled and restrained by a leash composed of chain or other indestructible material, or

"3. To further order all owners or keepers of dogs to take such prophylactic measures, as the Department of Agriculture may deem necessary, to prevent the spread of rabies."

The Department of Agriculture shall have power to determine the area of the locality and the duration of the period of time to which the above requirements shall apply."

It is further provided that the expense involved in any action taken by the State Department of Agriculture shall be borne by the owner or keeper of the dog. Officers failing to carry out the provisions of this act are subject to penalty.

A question often arises as to the liability of the owner of a rabid dog. In 1931 a law was enacted which provides that "... no owner or keeper of any dog shall be liable for any damage caused by such dog having rabies or other similar disease, unknown to such owner or keeper of such dog." This means that unless the owner or keeper of a dog is aware of its rabid condition, he may be liable only for direct acts of destruction or damage and not for any damage resulting from the spread of the disease by the dog. Upon submission of adequate proof, the owner of animals destroyed because of the rabid condition of a dog may be indemnified from the county dog license fund as in other cases.

These laws may be found in the Illinois Revised Statutes, Chapter 23, Sections 300-303; and Chapter 8, Sections 12a, 19, 23a-23d.

Lamp Bases

If you use kerosene lamps or candlesticks, be sure they have wide bases. Metal lamps are safer than glass.

Tell first steps
in operation of
state vets' bonus

An explanatory statement on the status of the Illinois veterans bonus was issued today by Homer G. Bradney, administrator of the Illinois Veterans Commission, in answer to many inquiries as to when the bonus payments will start.

Bradney pointed out that many legal, technical and administrative obstacles must be overcome before the bonus, approved by the electorate last Tuesday, can be paid.

Although apparently overwhelmingly approved by the voters, the bonus act will not become legally effective until the state canvassing board has officially declared it approved.

This board is expected to meet around November 30.

After the bonus law has officially been declared in effect, the law automatically sets up the Illinois Service Recognition Board, composed of the Governor, State Treasurer and Adjutant General.

Soon after the official canvassing board declaration, the Recognition Board is expected to meet and lay plans for the gigantic task of administering the law.

The Recognition Board is mandated by law to set up rules and regulations on eligibility, residence and many other questions both legal and technical. The board also must decide on the type of application forms and have them printed.

When rules and regulations have been promulgated and other administrative machinery has been established, application blanks will be distributed throughout the state.

Rototiller in Operation

The new Rototiller farm machine, produced by Graham-Paige Motors in the giant Willow Run plant, prepares soil for planting in a single operation, making unnecessary the three operations of plow, disk and harrow. The five-horsepower tillage unit, which churns and crumbles the soil to a depth of nine inches, has attachments which adapt it to a score of other farm tasks such as bulldozing, seeding, mowing, snowplowing and other operations.

Questions on G. I. bill

This is another in a series of Questions and Answers regarding the rights of returning servicemen and their families, as answered by the USES Office at 5306 W. Lawrence Avenue. Further information may be obtained by contacting this office.

Question: I am a veteran of World War II but I failed to obtain National Service Life Insurance while in the service. Is it possible for me to obtain this insurance now even though I was discharged two (2) years ago?

Answer: Yes, you may. The amendment to the National Service Life Insurance act, signed by the President on August 1, 1946, provides that all veterans who served in the armed forces between October 8, 1940 and September 2, 1945, and who were honorably discharged may now apply for this insurance, even though they have been discharged and failed to apply for such insurance while in the service.

Question: Are disabled veterans of World War II eligible for National Service Life Insurance policies?

Answer: Yes. The recent amendment to the National Service Life Insurance Act provides that any veteran may apply for such insurance even though he has a disability incurred or aggravated in the service, provided he makes application before 1950.

Servicemen who applied for insurance while in the service and were refused such insurance because of their physical condition, and who nevertheless performed full duties, may now obtain a policy upon application.

Question: What types of con-

verted insurance are now available to veterans?

Answer: (1) Ordinary Life; (2) 20-Year Payment Life; (3) Payment Life; (4) 20-Year Endowment; (5) Endowment at age of 60; (6) Endowment at age of 65.

The last three types of insurance were made available by a recent amendment to the National Service Life Insurance Act and any veteran who has already converted his insurance may change it to one of the new types of insurance if he desires.

Now on Display!

Here is the outboard motor that gives you both mile-a-hour trolling and breathlessly swift cruising! Instant starting... Virtually flood-proof... Supreme quality... Completely dependable... Sparkling performance. It's easy to lift and a cinch to operate! The secret? Mechanically-controlled poppet valves! They said "it couldn't be done" in a two cycle motor—but MARTIN has done it!

Need stenographers
for new vets' office

One thousand clerks, stenographers and typists are needed immediately to staff the new insurance division of the Veterans Administration in Chicago. The division was created to handle the more than 1,600,000 Government insurance records which will be transferred to Chicago within the next two months. Reassignment of records from VA's central office in New York is part of a decentralization program designed to speed service to veterans in Illinois and other mid-west states. Applicants should apply at the Personnel division of the Veterans Administration, Branch No. 7 office, 7th floor, 226 West Jackson Blvd., Chicago. VA employees are granted Civil Service status. Base pay is based on a 40-hour week. Starting salaries vary with position held, ranging upward from \$75 for a two-week period.

Search for remains of
AAF personnel continues

Intensive search and recovery activities by American Graves Registration Service personnel in the India-Burma Zone will be resumed at once with the end of adverse seasonal climatic conditions brought about by monsoons, which have impeded the search for remains of missing Army Air Forces personnel, who lost their lives during World War II in those countries.

Of the estimated 4,743 Americans whose graves have been located in the India-Burma Zone, a total of 3,226 rest today in the American military cemeteries at Barrackpore, which is 116 miles from Calcutta, India, and at Kalaikunda, which is 77 miles from Calcutta. Of this number, 2,974 have been identified and 252 are still unidentified. The remaining 1,517 located graves are in isolated areas. Of this number only seven have been identified.

WIRES
AND
WAGES

TELEPHONE SERVICE requires a maze of wires and much complex equipment. To install, operate and maintain this equipment takes a lot of highly skilled people—around 40,000 at Illinois Bell.

IT IS FUNDAMENTAL with Illinois Bell to pay good wages. Good wages are

paid to attract and hold the kind of employees needed to provide you with the kind of service you want.

SINCE 1940 our payroll has more than doubled, partly because of an increase in force, but largely because of general pay increases. Sixty cents out of every dollar we receive is paid out in wages.

ILLINOIS BELL TELEPHONE COMPANY

BE SECURE!

ASSURE YOURSELF OF WARMTH AND
COMFORT IN YOUR HOME THIS WINTER

We Are Prepared To Offer You—
